3243. Duty to Obtain License: Every person who desires to practice medicine must first obtain a license to do so from the State Board of Health. (For penalty see §1258: If any person shall practice as a physician or surgeon, without having first been examined and obtained a license as required by law, he shall, on conviction, be fined not less than twenty dollars nor more than two hundred dollars, or be imprisoned in the county jail not exceeding thirty days.)

3244. How License Obtained: Every person who desires to obtain a license to practice medicine must apply therefor, in writing, to the State Board of Health, and must be examined by said Board touching his learning in the following branches of medicine only, viz: Anatomy, chemistry, obstetrics, materia medica, physiology, pathology, surgery and hygiene; and, if the applicant be found by the Board, upon examination, to possess sufficient learning in said branches and be of good moral character, the Board shall at once issue to him a license to practice medicine, which shall be signed by each member who approves of its issuance.

3245. Application for License; What to Contain: The application for license must state: (1) The applicant's name in full; (2) his place of residence and postoffice address; (3) his nativity and age; (4) the time spent by him in medical studies; (5) the name and postoffice address of the preceptor under whom medical studies were pursued; (6) courses of medical lectures attended; (7) name of medical school attended; (8) if a graduate of a medical college, name thereof; (9) time spent in a hospital; (10) time spent in the practice of medicine, if any; (11) school or system of practice chosen, and (12) references as to his personal character.

3246. Examinations—When, Where and How Conducted: The State Board of Health shall meet at the Capitol on the second Tuesday in the months of May and October in each year, for the purpose of examining applicants for license to practice medicine, and shall continue in session until all applicants are examined and the examinations are approved or disapproved. All examinations as to applicant's learning shall be upon written questions and answers, and distinction shall not be made between applicants because of the different systems or schools of practice that may be chosen.

3247. Fees for Examination: Every person who shall apply for license to practice medicine, shall, before he will be entitled to be examined, pay a fee of ten dollars and twenty-five cents, of which ten dollars are to be divided equally between those members of the Board who attend and conduct the examination of the applicant, and twenty-five cents to be paid to the Secretary of the Board for filing and preserving the application for license.

3248. Form of License: A license to practice medicine may be of such form as the State Board of Health may prescribe, but it shall contain a statement showing the place of residence, postoffice address, and qualifications of the applicant, both as to learnig and moral character.

3249. License Must be Recorded—Effect of Failure: Every person who receives a license to practice medicine must file it in the office of the clrk of the Circuit Court of the county in which he resides within sixty days from the date of its issuance; otherwise it shall become void. When the license is filed, the clerk shall record the

same, with his certificate of the filing thereto attached, in a suitable book to be kept in his office for that purpose, upon the payment by the licensee of the fee provided by law, and, when recorded, he shall deliver the original, on demand, to the licensee. Whenever the licensee shall change the county of his residence and of usual practice, he must, under like penalty, file the original or a certified copy of the license, or of the record thereof, in the office of said clerk, in the county into which he shall move and practice, within sixty days of the time of such removal, to be there recorded in like manner and under like penalty.

3250. Lost License May Be Supplied: If a license to practice medicine be issued and be lost, the State Board of Health may issue a duplicate license in lieu of the one lost.

3251. Temporary License: The Secretary of the State Board of Health may issue under his signature a temporary license to any one to practice medicine, which shall be valid until the next succeeding meeting of the Board for examining applicants; and such license shall show the date of its issuance, otherwise it shall be void. Only one temporary license shall ever be issued to the same person, and it shall always be made to an individual and not to a partnership. The Secretary shall be entitled to twenty-five cents for such license, and the same shall be recorded as a permanent license is required to be, under like penalty for failure.

3252. License of Existing Practitioners: Physicians practicing medicine by virtue of a license lawfully issued under the laws heretofore in force, are not required to obtain license under this chapter, and are entitled to continue the practice by virtue of the license which they now have; but the requirements as to recording licenses shall apply to the licenses of physicians heretofore obtained.

3253. Females Practicing Midwifery: Females engaged in the practice of midwifery are not prohibited from such practice, but are entitled to engage therein without a license.

3254. Non-residents: Licensed physicians who reside without this State, and whose practice of medicine extends into it, may obtain license to practice medicine in this State without being examined as to their learning, by presenting a written application for license, in the form prescribed, to the State Board of Health; whereupon the Secretary of the Board shall issue to the applicant a license in the name of the Board, for which the Secretary shall be entitled to receive a fee of twenty-five cents, and the license shall be recorded as hereinbefore provided in each county in which the licensee shall practice, with like penalty for a failure to record as in case of a resident physician.

3255. Books, Blanks and Stationery: The Board of Public Contracts shall furnish to the State Board of Health such books, blanks and stationery as may be needed by it in carrying out the provisions of this chapter; and, at the request of the State Board of Health, shall deliver to the Secretary of State such record books as the clerk of the Circuit Court may need, in which to record licenses to practice medicine, to be by him promptly and safely transmitted at the cost of the State to such of said clerks as the Board of Health may designate.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ⟨, Dentist. R D 1, Rural Delivery No. 1

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

MISSOURI.

CAPITAL, JEFFERSON CITY.

Population of State, 3,106,665.
(U. S. Census of 1900.)
Number of Physicians, 6,439.

Missouri was organized as a territory December 7, 1812, and admitted as a state August 10, 1821. It is bounded on the north by Iowa, on the south by Arkansas, on the east by the Mississippi river, which separates it from Illinois, Kentucky and Tennessee, and on the west by Indian Territory, Kansas and Nebraska. This is one of the most diversified of western states as to soil, products, climate and surface and extends through four and one-half degrees of latitude. The elevation of the land varies from 287 feet in the southeast to 3,000 feet at Cassville. The Mississippi forms its eastern frontier and the Missouri borders it for a long way on the west. A line drawn from Hannibal to the southwestern corner of Missouri separates the prairie region of the north and west from the forest region on the east and south. North of the Missouri is a region of broken land with forests in the east and along

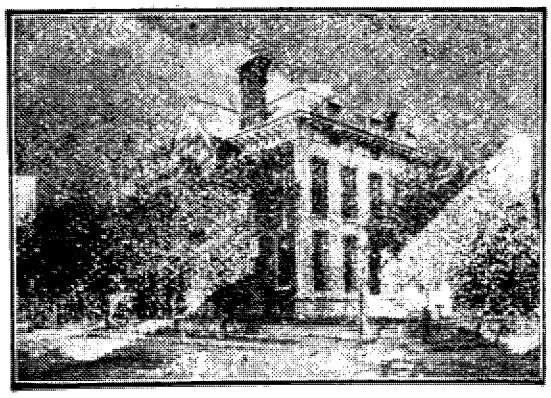
ST. LOUIS BAPTIST HOSPITAL



2945 Franklin Avenue

C. C. MORRIS, A. M., M. D.,
Superintendent.

Building roomy, homelike, free from Institutional features, superior appointments, skilled nurses, first-class cuisine.

A large Operating Amphitheatre, and one of the finest private operating rooms in the West.

Every modern appliance for treatment of Medical and Surgical diseases, including the X-Ray.

A well equipped Pathological and Bacteriological Laboratory is a leading feature of this Institution.

Physicians sending cases for treatment may feel assured of every possible care and attention.

Reports of progress by mail when desired.

C. C. MORRIS, M. D., Chief Surgeon, with numerous Specialists.

For Further Information Address the Superintendent.

the great rivers, and the rest is occupied by wide rolling prairies well watered and productive, and in effect a prolongation of the plains of Illinois and Iowa. Similar high grassy plateaus run west from the Ozark Mountains, and from the Mississippi to the Big Black. South of the Missouri the forests of the east are offset by these open prairies of the west, with large rivers, like the Osage and Gasconade, running northeast into the Missouri.

The Ozark Mountains run from the Missouri river east of the Osage, southwest into Arkansas and Kansas, changing from isolated hills and knobs to the high and arable tablelands of the west.

A large part of the state was originally covered with woodlands, oaks and elms, hickories, and maples in the north, huge cypresses and sycamores, cottonwoods, and gum-trees in the south, with scattered forests of red cedars and pines, pecans and persimmons. Great quantities of hardwood lumber are cut every year. The south counties contain immeasurable forests of yellow pine and live oak.

The Osage river is a noble stream flowing from Kansas to the Missouri river, navigated by steamboats to Tuscumbia (60 miles) and sometimes as far as Warsaw (170 miles). It has a yearly commerce of $600,000 in railway ties, rafts of oak and walnut logs, and steamboat freights, which has greatly increased.

In the south there are many mammoth springs, bursting from the ground with great force, and pouring their crystal floods down to the winding rivers. Sweet Springs, midway between Kansas City and Jefferson City, is the most fashionable watering-place in Missouri, with several valuable saline and sulphur springs, huge baths of salt water, and a hotel and cottages amid velvety lawns and a park of forest-trees, 500 feet above St. Louis, and near the Black Water river. Pertle Springs, in the same region, has the large Minnewawa Hotel and summer cottages. The Windsor Springs, with its calcic waters, the Sulphur Springs, and the famous Montesano Springs are in the region of the Meramac. El Dorado Springs, down in the southwest, are a group of chalybeate waters, with large efficacy in healing rheumatism and dyspepsia and other chronic diseases. The Chouteau, Monagaw, Cheltenham and Elk waters are sulphurous.

The climate is full of extremes, being devoid of moderating sea-air or sheltering hill ranges. It is dry, owing to the rapid evaporation; and the sky is usually clear and bright. The least rain falls in April.

The following table shows the increase in population since 1810:

1810	20,845	1860	1,182,012
1820	66,557	1870	1,721,295
1830	140,455	1880	2,168,380
1840	383,702	1890	2,679,184
1850	682,044	1900	3,106,665

MEDICAL LAWS OF MISSOURI.

House Bill No. 137, Forty-first General Assembly.

AN ACT to regulate the practice of medicine, surgery and midwifery, and to prohibit treating the sick and afflicted without a license, and to provide penalties for the violation thereof.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section 1. It shall be unlwaful for any person not now a registered physician within the meaning of the law to practice medicine or surgery in any of its departments, or to profess to cure and attempt to treat the sick and others afflicted with bodily or mental infirmities, or engage in the practice of midwifery in the State of Missouri, excep as hereinafter provided.

Sec. 2. The State Board of Health shall have general supervision over the registration of all practitioners of medicine, surgery and midwifery in this State.

Sec. 3. All persons desiring to practice medicine or surgery in this State, or to treat the sick or afflicted as provided in Section 1 of this act, shall appear before the State Board of Health at such time and place as the Board may direct, and shall there be examined as to their fitness to engage in such practice. All persons appearing for examination shall make application in writing to the Secretary of said Board thirty days before the meeting. They shall furnish satisfactory evidence of their preliminary qualifications, and shall also furnish evidence of good moral character. The medical examination may be made in whole or in part in writing, and shall be of elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner, and shall embrace the subjects of anatomy, chemistry, physiology, pathology, therapeutics, obstetrics, gynecology, surgery, practice of

medicine, medical jurisprudence and hygiene, and such other branches as the State Board may direct. The candidate shall be required to answer seventy-five per cent of such questions as are asked him before being granted a certificate: Provided, however, that the examination of any applicant in therapeutics shall be conducted by the member or members of said Board who represent the system of medicine of which such applicant has been a student. If there shall be no representative of the school or system of which the applicant has been a student, the examination in therapeutics shall be conducted by an examiner appointed for that purpose by the Governor of Missouri, but all examinations other than that in therapeutics shall be conducted as heretofore provided in this act. The Board of Health shall issue to such persons as they shall find, upon examination, to possess the requisite qualifications, a license to practice medicine and surgery in accordance with the provisions of this act, and the State Board of Health shall not be permitted to favor any particular school or system of medicine, but all applicants shall be subjected to the same examination and the same degree of proficiency shall be required of all. The Board shall examine persons applying for a license, although such persons cannot speak the English language, the applicant in all such cases to pay the expense of an interpreter satisfactory to the Board.

Sec. 4. Every person holding a license from the State Board of Health shall have it recorded in the office of the county clerk of the county in which he resides, and the record shall be endorsed thereon. And the clerk is authorized to charge a fee of one dollar for recording each license, to be paid by the person offering such license for record. Any person removing to another county to practice medicine or surgery shall have his license recorded in the county which he removes to ,and the holder of said license shall pay said clerk of said county the usual fee for making the record. The county clerk shall keep in a book provided for that purpose a complete list of the licenses recorded by him with the date of issue. Any person neglecting for twenty days to record his license as in this section provided, after entering upon the practice, shall be guilty of a misdemeanor, and on conviction thereof shall be fined not less than ten dollars nor more than fifty dollars, and on failure to record said license for thirty days after such conviction, such person shall be liable to a fine of not less than one hundred dollars.

Sec. 5. Any person, except physicians now registered, practicing medicine or surgery in this State, and any person atempting to treat the sick or others afflicted with bodily or mental infirmities without first obtaining a license from the State Board of Health, as provided in this act, shall be deemed guilty of a misdemeanor and punished by a fine of not less than fifty dollars nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days nor more than one year, or by both such fine and imprisonment for each and every offense, and treating each patient shall be regarded as a separate offense. Any person filing, or attempting to file, as his own a license of another or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction thereof, shall be subject to such fine and imprisonment as are made and provided by statutes of this State for the crime of forgery in the second degree. Said fines to be turned into the State treasury when collected.

Sec. 6. In order to provide the means to carry out and maintain the provisions of this act, the said Board shall charge each person applying to and appearing before it for examination for a license to practice medicine and surgery a fee of fifteen dollars, and should such examination prove unsatisfactory and the State Board refuse to issue a license thereon, the applicant failing to pass such examination may return at any meeting within the next twelve months thereafter and be examined without extra charge, but no temporary license shall be issued to such person. All fees so received from applicants for license shall be paid into the State treasury and shall be held by the State treasurer as a separate fund to be disbursed only in payment of expenses of maintaining said Board of Health, and said fund is hereby appropriated for said purpose, and no other money shall be paid out of the State treasury for the provisions of this act. The State auditor shall issue his warrant on the State treasurer for payment out of said fund on the certificate of the President and Secretary of the State Board of Health.

Sec. 7. The Board may refuse license to individuals guilty of unprofessional or dishonorable conduct, and they may revoke licenses for like causes, after giving the accused an opportunity to be heard in defense before the Board. Habitual drunkenness or excessive use of narcotics or producing criminal abortion shall be deemed unprofessional and dishonorable conduct wtihin the meaning of this section, but this specification is not intended to exclude all other acts for which licenses may be revoked.

Sec. 8. Whenever in this act is provided that any duty or service shall be performed by any county clerk, such duty or service in the city of St. Louis shall be performed by the health commissioner, as if said officer was specially named to perform these duties and services, and said officer shall receive the same compensation therefor as this act provides shall be paid to the county clerk: Provided, further, that whenever in this act the word county is used it shall include the city of St. Louis the same as if said city were specially named.

Sec. 9. It is not intended by this act to prohibit gratuitous service to and treatment of the afflicted, and this act shall not apply to commissioned surgeons of the United States army, navy, and marine hospital service.

Sec. 10. It shall be unlawful for any person to practice midwifery in this State before receiving a license to do so. Every person desiring to practice midwifery as a profession shall make application to the State Board of Health for examination, and pay a fee of five dollars. And upon passing an examination satisfactory to said Board upon the subject of obstetrics, shall receive a license to practice as above provided. It shall be unlawful for any person licensed as a midwife only to engage in any other branch of medical practice or to advertise herself as a doctor, doctress or physician, or to use any letters before or after her name on a sign or otherwise, indicating that she is authorized to, or does, engage in any other branch of medical

$ Saved in postage by using our up-to-date and accurate mailing lists covering all businesses, all professions and all countries. R. L. POLK & CO., Detroit and Chicago. $

practice. And any person practicing midwifery as a profession or advertising herself as a midwife, without first obtaining the license aforesaid, and any licensed midwife who shall do any acts in this section prohibited, shall be deemed guilty of a misdemeanor, and, upon conviction, shall be punished by a fine of not less than ten dollars nor more than fifty dollars, or by imprisonment in the county jail not more than two months nor less than ten days. Acting in each case shall be deemed a separate offense. Nothing in this section shall be so construed as to require women practicing midwifery to obtain a license when said women do not practice midwifery as a profession, and do not make any charge for their services.

Sec. 11. Article 1 of chapter 128, Revised Statutes of Missouri, 1899, is hereby repealed, and this act enacted in lieu thereof, and nothing in this act shall be so construed as to repeal any other existing article or law.

Approved March 12, 1901.

AMENDED ACT OF 1903.

"Sec. 9. It is not intended by this act to prohibit gratuitous service to and treatment of afflicted, and this act shall not apply to commissioned surgeons of the United States army, navy, and marine hospital service, nor to any student who has matriculated in a medical college on or prior to March 12, 1901; and it shall be the duty of said Board of Health on receiving a fee of fifteen dollars from said student to issue to him a license to practice medicine when said student presents a diploma from any medical college of this State."

Approved March 21, 1903.

AMENDMENTS TO CHAPTER III, ARTICLE 1, OF THE REVISED STATUTES OF 1899—LOCAL BOARD OF HEALTH.

Sec. 7529a. Be it enacted by the General Assembly of the State of Missouri, as follows:

Sec. 3. All persons desiring to practice medicine or surgery in this State, or to treat the sick or afflicted as provided in section 1 of this act, shall appear before the State Board of Health at such time and place as the Board may direct, and shall be examined as to their fitness to engage in such practice. All persons appearing for examination shall make application in writing to the Secretary of said Board thirty days before the meeting. They shall furnish satisfactory evidence of their preliminary qualifications, and shall also furnish evidence of good moral character. The medical examination may be made in whole or in part in writing, and shall be of elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practiioner, and shall embrace the subjects of anatomy, chemistry, physiology, pathology, therapeutics, obstetrics, gynecology, surgery, practice of medicine, medical jurisprudence and hygiene, and such other branches as the State Board may direct. The candidate shall be required to answer seventy-five per cent of such questions as are asked him before being granted a certificate: Provided, however, that the examination of any applicant in therapeutics shall be conducted by the member or members of said Board who represent the system of medicine of which the applicant has been a student, the examination in therapeutics shall be conducted by an examiner appointed for that purpose by the Governor of Missouri, but all examinations other than that in therapeutics shall be conducted as heretofore provided in this act. The Board of Health shall issue to such persons as they shall find upon examination to possess the requisite qualifications a license to practice medicine and surgery in accordance with the provisions of this act, and the State Board of Health shall not be permitted to favor any particular school or system of medicine, but all applicants shall be subjected to the same examination and the same degree of proficiency shall be required of all. The Board shall examine persons applying for a license, although such persons cannot speak the English language, the applicant in all cases to pay the expenses of an interpreter satisfactory to the Board. And it is further provided that the said State Board of Health may at their discretion admit without examination legally qualified practitioners of medicine who hold certificates to practice medicine in any State or Territory in the United States, or the District of Columbia, with equal requirements to the State of Missouri, and that extend like privileges to legally qualified practitioners from this State, upon the applicant paying a fee of twenty-five dollars.

Approved April 10, 1905.

RECIPROCITY RULES.

Qualification No. 1. That a certificate of registration showing that an examination has been made by the proper Board of any State, on which an average grade of not less than seventy-five per cent was awarded, the holder thereof having been, at the time of said examination, the legal possessor of a diploma from a medical college in good standing in the State where reciprocal registration is sought, may be accepted, in lieu of examination, as evidence of qualification: Provided, that in case the scope of said examination was less than that prescribed by the State in which registration is sought, the applicant may be required to submit to a supplemental examination by the Board thereof in such subjects as have not been covered.

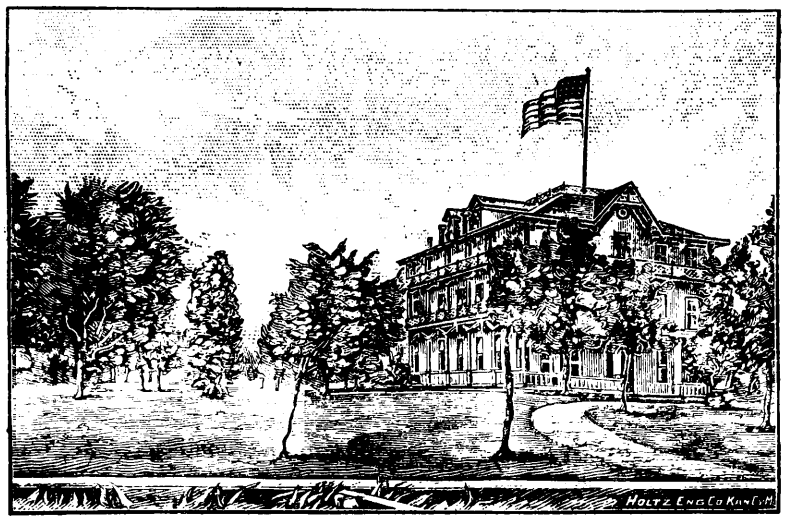
Qualification No. 2. That a certificate of registration or license, issued by the proper Board of any State, may be accepted as evidence of qualification for reciprocal registration in any other State: Provided, the holder of such certificate had been engaged in the reputable practice of medicine in such State at least one year: Provided, also, that the holder thereof was, at the time of such registration, the legal possessor of a diploma issued by a medical college of four years' requirements, in good standing in the State in which reciprocal registration is sought, and that the date of such diploma was prior to the legal requirements of the examination test in such State.

The Board reserves the right to make such changes as it may deem wise and just, under the provisions of the law.

BONNER SPRINGS LODGE

BONNER SPRINGS, KANSAS.

(A SUBURB OF KANSAS CITY, MO.)



A pleasant home for nervous invalids and narcotic habitues. The attention of the medical profession is respectfully called to the advantages offered at this institution in the care and treatment of Hysteria, Neurasthenia, Melancholia, Morphinism, Inebriety and the various psychoses. For the disorders mentioned a skillful combination of the family plan, or home treatment, with the appliances and regime of a first-class sanitarium are to be found at the Lodge. Far removed from the dust and heat of the city, the clang of car bells and the many distractions of a commercial center, we have a handsome and commodious structure of fifty rooms, with 500 feet of broad verandas, steam heat, sanitary plumbing, baths, electricity, abundant water of the finest quality, a high and healthful location, a beautiful lawn, a magnificent view of the Kaw river and valley, and a park of eighty acres, containing many medicinal springs of undoubted value.

The Lodge is under the daily personal supervision of Dr. M. P. Sexton and Dr. H. C. Hays, who are members of the regular medical profession and devote their exclusive attention to nervous and mental diseases.

Particular attention is called to the fact that a nurse is assigned to each patient. Although this involves some additional expense, experience warrants the statement that the investment is a good one, individual attention being the keynote to success in these cases.

The Lodge is conducted upon strictly ethical lines, no patronage being solicited except through the profession.

The charges are as low as may be obtained at any institution of similar character and equal grade.

TELEPHONES:

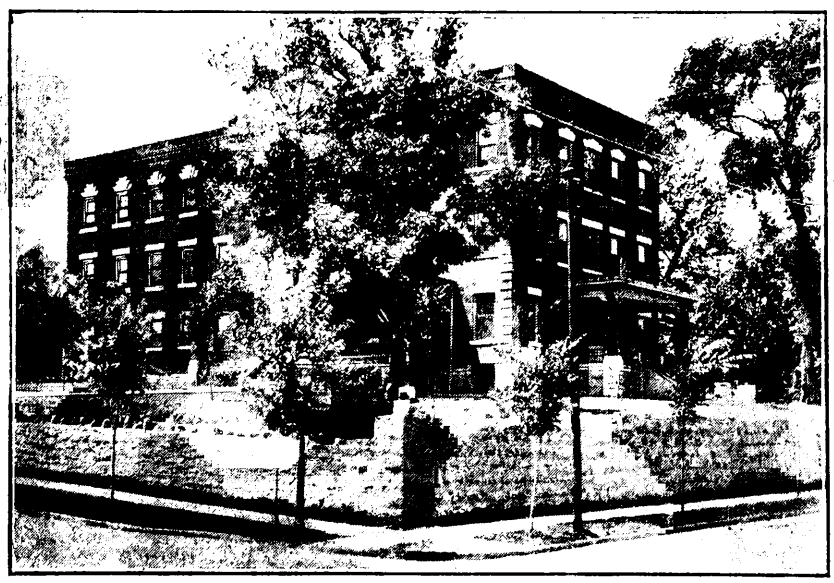
Century Building. - - - KANSAS CITY, Mo.

EVERY PHYSICIAN has among his clientage many who are addicted to the use of narcotic drugs or alcoholic stimulants. Physicians in general practice find it impossible to give these patients the proper treatment and surveillance, and recognize the advisability of sending them to an institution devoted to this specialty, where they may have the exclusive attention of physicians who give their entire time to the care of this class of cases. The Keeley Institute of Kansas City has been in active operation for over fourteen years. The system of treatment formulated by Dr. Leslie E. Keeley is employed, and has been administered with gratifying success. Write for particulars.

THE KEELEY INSTITUTE,
716 W. Tenth Street, KANSAS CITY, MO.

Dr. Burnett's Private Home



An Aristocratic Home, designed, built and equipped especially for the treatment of Nervous Diseases, Alcohol and Drug Habits. Therapeutic Agents: Drugs, Hydrotherapy, Electric Light Baths, Rest Cure, Vibratory Massage and the Static and Galvanic currents classically handled. Every case receives Dr. Burnett's personal care.

Medical Department

of

St. Louis University

Marion-Sims-Beaumont College of Medicine

ST. LOUIS, MO.

Offers a course in medicine consisting of laboratory, didactic, clinical instruction, exercises, demonstrations and elective work, in this way meeting the highest modern requirements of medical instruction.

Abundant clinical material is afforded by two large general dispensaries, obstetric dispensary and nine hospitals with a capacity of 1,000 beds under the direction of members of the Faculty, in addition to the city institutions.

The work of the first two years in Anatomy, Physiology, Embryology Chemistry, Pharmacology and Physiological Chemistry, Pathology and Bacteriology has been placed upon a University basis. The instructors holding chairs in these departments devote their entire time to teaching and research.

For Catalogue and information, address

H. W. LOEB, Secretary, **Y. H. BOND, Dean,**

Grand Avenue and Caroline Street,

ST. LOUIS, MO.

MISS COMPTON'S

PSYCHO-PHYSIOLOGICAL SCHOOL

FOR

CHILDREN OF RETARDED MENTALITY,

3809 Flad Avenue, - ST. LOUIS, MO.

Nervous, backward, peculiar and exceptional children receive special instruction in our select **private school.**

The pedagogical methods most approved by experience are combined with the highest medical skill for the correction of deficiencies and peculiarities of the children.

The Gymnasium is an important adjunct to the school.

The Aim of the School is to train the child to think, act and observe for himself, and to fit him for the highest degree of independence, usefulness and happiness that he is capable of attaining.

A skilled teacher is provided for at least every **two** scholars.

Number of pupils limited to twelve.

Special attention given to **Articulation.**

All elementary branches taught according to the Psycho-Physiological method.

Vocal and instrumental **music** taught.

TERMS: $800 TO $1,500 PER SCHOOL YEAR (Ten Months).

For particulars, write to the Principal,

MISS FANNY A. COMPTON.

(See adv. opp. beginning N. Y. City Physicians) **E. de Trey & Sons,** Philadelphia and New York.

MONTANA.

CAPITAL, HELENA.

Population of State, 243,329.
(U. S. Census of 1900.)
Number of Physicians, 380.

Montana was organized as a territory May 26, 1864, and admitted as a State November 8, 1889. It extends from 104 degrees to 116 degrees west longitude and from 44 degrees 25 minutes to 49 degrees north latitude and is bounded on the north by the British Possessions, on the east by the Dakotas, on the south by Wyoming and Idaho and on the west by Idaho. The great area of the State can be better appreciated by giving its width north and south as 275 miles and its average length east and west 535 miles and calling attention to the fact that it is the third largest of the States of the Union. Less than one-third of its area is occupied by the Rocky Mountains, and the lesser ranges and spurs, and the other two-thirds is about equally divided between range and agricultural lands.

Besides the three great rivers, the Missouri, the Yellowstone and the Columbia, there are a number of other noble streams, notably the Jefferson, Madison, Musselshell, Gallatin and Deer Lodge Rivers, as well as many smaller rivers and thousands of mountain streams. The climate is milder than the latitude and elevation would seem to indicate, the mean annual temperature as observed at Helena being 43.04 degrees, that of the summer 70.28 degrees and of the winter 19.16 degrees. The following table shows increase in population since 1870:

1870	20,595	1890	132,159
1880	39,159	1900	243,329

STATE BOARD OF HEALTH.

Hon J K Toole, Governor; Hon A J Galen, Attorney-General; Wm Treacey, M D, Pres, Helena; T J Sullivan, M D, Butte; Leroy Southmayd, M D, Great Falls; J W Wade, C E, Helena; Sec, T D Tuttle, M D, Helena.

MEDICAL DEPARTMENT
Washington University
1806 Locust Street,
SAINT LOUIS, MO.

Established 1840
Four Years Course
For full particulars and catalogue address the Dean.

SYNOPSIS OF MEDICAL LAWS OF MONTANA.

Provision is made for a Board of Medical Examiners, consisting of seven members. Every person hereafter wishing to practice medicine or surgery in any of the departments in this state shall apply to said board for a certificate so to do. Every person applying shall present his or her diploma to the said Board of Examiners for verification as to its genuineness; if the diploma is found genuine, and is issued by a medical school legally organized and in good standing whose teachers are graduates of a legally organized school, which facts said Board of Examiners shall determine, and if the person presenting and claiming said diploma be the person to whom the same was originally granted, at a time and place designated by said board or at a regular meeting of said board, said applicant shall submit to an examination in the following branches, to-wit:

Physicians' Casualty Association of America

Pays $25.00 weekly indemnity for accidental injuries. Costs $3.00 quarterly

See page 12 OMAHA, NEB.

anatomy, physiology, materia medica, therapeutics, practice of medicine, surgery, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear and present evidence of having attended four courses of lectures of at least six months each, but such evidence of having attended four courses of lectures shall not be required of the applicants graduating prior to July 1, 1898; said board shall cause such examination to be both scientific and practical, and of sufficient thoroughness and severity to test the candidate's fitness to practice medicine and surgery; when desired, such examination may be conducted in the presence of the dean of any medical school, or the president of any medical society in this state. After examination, such board, if the candidate has been found qualified, shall grant a certificate to such candidate to practice medicine and surgery in the state of Montana; which said certificate can be granted only by the consent of not less than four members of said board, and which said certificate shall be signed by the president and secretary of said board and attested by the seal thereof; provided, however, that in all cases where an applicant for a certificate under this section shall produce an exhibit to said Board of Examiners a certificate from a Board of Medical Examiners, duly appointed and existing under the laws of any state of the United States and recognizing certificates or licenses from this state certifying to the fact that the person presenting such certificate is duly and well qualified to practice medicine and surgery in the state issuing said certificate, and that said board issuing said certificate has subjected the applicant to a thorough examination to ascertain this fact, or certifying to the fact that the person presenting such certificate is duly and well qualified to practice medicine and surgery in the state issuing said certificate; and to the further fact, if such is the case, that said applicant was exempt from examination under the provisions of the law of said state, by reason of his residence in said state in the active practice of medicine and surgery at the time of the passage in said state of said law requiring the examination of applicants to practice medicine and surgery; he or she may, at the discretion of said Board of Examiners upon paying the fee required of applicants for examination, and otherwise complying with all the requirements of this article, receive from said Board of Examiners a certificate to practice medicine and surgery within this state, and upon filing said certificate with the county clerk of the county in which he resides, he shall be a legally qualified practitioner of medicine and surgery in this state; provided, also, that during any period intervening between the sessions of said Board of Examiners, any person desiring to practice medicine in this state may present his or her diploma to the president or secretary of said board, who may issue a certificate good until the next regular meeting of said board; and provided further, that all physicians and surgeons who hold certificates granted by the now existing Board of Medical Examiners, or who are now legally entitled to practice medicine and surgery in this state shall be exempt from the provisions of this section.

Every person obtaining a certificate from the board must, within 60 days from the date thereof, have the same recorded in the office of the county clerk in the county wherein he resides; if he removes from one county to another to practice medicine or surgery, his certificate must immediately be recorded in the county to which he removes. The county clerk must endorse upon the certificate the date of record, and he is entitled to charge and receive his usual fee for such services, the fee to be paid by the applicant.

This act shall not apply to midwives of skill and experience, commissioned surgeons of the United States army and navy in the discharge of their official duties, nor to physicians and surgeons in actual consultation from other states and territories.

Candidates for examination shall pay in advance to the secretary of the board of medical examiners a fee of fifteen dollars ($15), which fee shall defray the entire expense of said candidates for examination before the aforesaid board of examiners. Anyone failing to pass the required examination shall be entitled to a second examination within six months, without fee.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ⟨, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189 indicates the college of graduation, and the last number the year in which diploma was granted

NEBRASKA.

CAPITAL, LINCOLN.

Population of State, 1,068,539.
(U. S. Census of 1900.)
Number of Physicians, 1,727.

Nebraska was organized as a territory May 30, 1854, and admitted as a state March 1, 1867. The total land surface is, approximately, 76,840 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900, being as follows: 1890, 13.8; 1900, 13.9. It extends from 40 degrees to 43 degrees north latitude, and from 95 degrees, 13 minutes to 104 degrees west longitude, and is bounded on the north by South Dakota, on the south by Kansas and Colorado, on the east by Iowa and Missouri, and on the west by Colorado and Wyoming. The climate is salubrious, the mean annual temperature as observed at Omaha being 49.28 degrees, that of the summer 74.26 degrees, and that of the winter 23.36 degrees. The average rainfall is about 26 inches. Nebraska is part of that vast plane which extends along the eastern base of the Rocky Mountains and gently slopes down toward the Mississippi river. The surface is flat or gently undulating. The soil consists for the most part of a black and porous loam, which is slightly mixed with sand and lime. The streams flow in deeply eroded valleys with broad alluvial bottoms of the greatest fertility which are generally well timbered with cottonwood, poplar, ash and other deciduous trees. The uplands are undulating prairies presenting an almost unlimited field for stock raising and wool growing.

ANTIKAMNIA PREPARATIONS
PLEASE SEE PAGE 3 FOR PARTICULARS

The following table shows increase in population since 1860:

1860	28,841	1890	1,058,910
1870	122,993	1900	1,068,539
1880	452,402		

For list of medical colleges, see page 152.

PHYSICIANS STANDARD SUPPLY CO. ,PHILADELPHIA, PA., (See adv. opp. Pennsylvania Physicians.)

GREEN GABLES

The Dr. Benj. F. Bailey . . . Sanatorium and Health Resort

LINCOLN =:= NEBRASKA

Is located in a section having the highest per cent of health and lowest per cent of mortality of any known place in the civilized world. It is in the suburbs of the city in its own park of twenty acres and housed in thoroughly modern brick and stone buildings, another new one, *"Rest Cottage,"* having just been completed.

Every modern requirement for health, every electric current useful in treatment of the sick, all kinds of baths in utmost perfection,—hot air department.

Our corps of nurses is of the highest class. Masseurs and physicial instructors carefully trained under our own supervision. For all non-contagious diseases. A delightful place in which to get well and learn how to keep well. References furnished from any State in the Union.

Omaha—Swedish Hospital, 928 N 27th av. Est'd 1902. Capacity, 100. Public. Med staff. Supt, Cynthia Erickson.

Omaha—Wise Memorial Hospital, 2225 Sherman av. Est'd 1900. Capacity, 30. Public. Phys, O S Hoffman. Supt, Mary C Beeler.

St Paul—St Paul Hospital. Est'd 1895. Capacity, 12. Private. Phys, O Grothan. Supt, Georgina Grothan, M D.

South Omaha—South Omaha Hospital, 1365 N 24th. Est'd 1894. Capacity, 14. Ambulance service. Public. Supt, Harriette E Mendenhall.

Sutton—Sutton Hospital. Est'd 1904. Capacity, 15. Private. Phys, A J Kaufmann and Bruno Getzlaff.

York—Dr Farley's Hillside Hospital. Est'd 1904. Capacity, 16. Private. Phys, B F Farley.

Washington University
1806 Locust Street,
SAINT LOUIS, MO.

Established 1840
Four Years Course
For full particulars and catalogue address the Dean.

SYNOPSIS OF NEBRASKA MEDICAL PRACTICE ACT.

WHO MAY PRACTICE.

It shall be unlawful for any person to practice medicine, surgery or obstetrics or any of the branches thereof, in this state, without first having applied for and obtained from the State Board of Health a license so to do. Application therefor shall be in writing, and shall be accompanied by the examination fees hereinafter specified and with proof that the applicant is of good moral character. Applications from candidates who desire to practice medicine and surgery in any or all their branches shall be accompanied by proof that the applicant is a graduate of a medical school or college in good standing, as defined in this article. When the application aforesaid has been inspected by the board and found to comply with the foregoing provisions, the board shall notify the applicant to appear before it for examination at the time and place mentioned in such notice. Examinations may be made wholly or in part in writing by the board and shall be of a character sufficiently strict to test the qualifications of the candidate as a practitioner. The examination of those who desire to practice medicine and surgery in any or all their branches shall embrace those subjects and topics, a knowledge of which is commonly and generally required of candidates for the degree of doctor of medicine, by reputable medical colleges in the United States. All examinations provided for in this act shall be conducted under rules and regulations prescribed by the board, which shall provide for a fair and wholly impartial method of examination. It is also provided that examinations on practice of medicine and therapeutics shall be conducted by the member, or members, of the board of secretaries, who are of the same school of medicine as that of the applicant. And it is further provided, that the said State Board of Health, may at their discretion, admit, without examination, legally qualified medical practitioners, who hold certificates to practice medicine in any state with equal requirements to those of the state of Nebraska.

MEDICAL SCHOOL DEFINED.

The term medical school or college in good standing, shall be defined as follows, to-wit: a medical school or college requiring a preliminary examination for admission to its course of study in all the common branches, and in Latin and the higher mathematics, which requirements shall be regularly published in all the advertisements and in each prospectus or catalogue issued by said school, which medical school or college shall also require as a requisite for granting the degree of M. D., attendance upon at least four courses of lectures of six months each, no two of said courses to be held within one year, and having a full faculty of capable professors in all the different branches of medical education, to-wit: anatomy, physiology, chemistry, toxicology, pathology, hygiene, materia medica, therapeutics, obstetrics, bacteriology, medical jurisprudence, gynecology, principles and practice of medicine and surgery, and specially requiring clinical instruction in the two last named of not less than four hours per week in each during the last two courses of lectures; provided, that this four years clause shall not apply to degrees granted, or to be granted, prior to August, 1898.

DIPLOMAS.

It shall be the duty of all persons intending to practice medicine, surgery, or obstetrics in the state of Nebraska before beginning the practice thereof, in any branch thereof, to present his diploma to said board, together with his affidavit that he is the lawful possessor of the same ,that he has attended the full course of study required for the degree of M. D. and that he is the person therein named. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such official, if he has a seal, and any person swearing falsely in such affidavit shall be guilty of perjury and subject to the penalty therefor.

If upon investigation of the proofs submitted to the board, and after the examination, as hereinbefore provided, the applicant shall be found entitled to practice, there shall be issued to said applicant the certificate of said board under its seal and signed by its secretaries stating such fact, and it shall be the duty of the applicant before practicing to file such certificate or a copy thereof in the office of the county clerk in the county in which he or she resides or in which he or she intends to practice; such certificate or copy shall be filed by the county clerk and by him recorded in a book kept for that purpose, properly indexed, to be called the "Physicians' Register," and for such services the county clerk shall receive from the applicant the same fees as are allowed to the Register of Deeds for the recording of conveyances.

Section 19. Every holder of a diploma from a recognized medical college within the state of Nebraska, making application for an examination and certificate under the prolsions of this act, shall pay to the board of secretaries prior to his examination the sum

Cutter's
Diphtheria Antitoxin
Polyvalent Streptocidic Serum
(Anti-Streptococcic)
(See page 261.)

of ten ($10.00) dollars. All other persons making such application shall pay to said board the sum of twenty-five dollars ($25.00). All such fees shall be equally divided among the four secretaries of the board as full compensation for their services and expenses. For the taking of any testimony each of the secretaries shall be entitled to charge and receive such fees as are provided for notaries public for similar services. No part of such fees shall be paid out of the state treasury.

This act shall take effect and be in force from and after August 1st, 1903.

SPECIAL RULES OF THE BOARD.

Each applicant for examination must present to the board letters of recommendation from two registered physicians of the state or such others as may be satisfactory to the board.

No medical school recognized by the board unless said school is recognized by the Association of Medical Colleges of the School of Practice to which it belongs.

Applications must be on file at least ten days before the date of examination.

GEO. H. BRASH, Secretary,
Beatrice, Nebraska.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; $, Holds certificate of Examining Board; †, Legally authorized under the "5 years of practice" section of the act; ¶, Druggist; ‡, Dentist R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

CREIGHTON MEDICAL COLLEGE

Corner Fourteenth and Davenport Streets

OMAHA : : : : NEBRASKA

The fifteenth annual course of study in this institution will begin Tuesday, September 20th, 1906. The course in this college consists of four terms of eight months each. The first two years are devoted to the study of the so-called scientific branches included in a medical course. For this purpose, the new college building is furnished with lecture rooms and laboratories equipped with the latest and best paraphernalia for teaching, demonstrating, and for individual work in these branches. The third and fourth years are given up to the study of what might be termed the practical part of the medical course. Here the instruction is carried on by means of clinics and clinical lectures. The student is brought in contact, and becomes familiar, with the different phases of all the diseases he reads about. For this purpose the clinical material in St. Joseph's, St. Bernard's, Mercy and the Omaha General hospitals, the four largest hospitals in the west, is reserved for the exclusive benefit of students attending this school.

All the buildings, both college and hospitals, are new and modern, and the equipment the best that money can buy. In addition to the regular term of eight months, a spring course of two months in first and second years' work will be continued from close of winter term to July 11th. This short course gives students, deficient in time or work, an opportunity to make up such deficiency, and also allows physicians already in practice to renew their acquaintance with laboratory work and to familiarize themselves with whatever new things there are in Histology, Pathology, Bacteriology, Chemistry, etc.

For further information, address

D. C. BRYANT, M. D., Secretary,

CREIGHTON MEDICAL COLLEGE, Omaha, Nebraska.

206 McCague Building.

The Physician makes HEALTH to order for the Human Race

The National Fur & Tanning Co. makes WARMTH to order for the Physician.

See Page 4 For Catalogue write The National Fur & Tanning Co. Three Rivers, Mich.

(U. S. Census of 1900.)
Number of Physicians, 131.

Nevada extends from 114 degrees to 120 degrees west longitude, and from 35 degrees to 42 degrees north latitude, and is bounded on the north by Oregon and Idaho, and on the southwest and west by California, and on the east by Utah and Arizona. It comprises an area of 109,740 square miles, or 70,233,609 acres. The climate is subject to great extremes, the winters being very cold, the summers hot. The atmosphere is dry, with but little rain or snow. The mean annual temperature is 54.13 degrees; that of the summer 75.18 degrees, and of the winter 34.55 degrees.

THE MEDICAL PRACTICE ACT.

AN ACT regulating the practice of medicine, surgery and obstetrics in the State of Nevada; providing for the appointment of a State Board of Medical Examiners and defining their duties; providing for the issuing of licenses to practice medicine; defining the practice of medicine; defining certain misdemeanors and providing penalties, and repealing all other acts, or parts of acts, in conflict therewith.

(Approved March 4, 1905.)

The People of the State of Nevada, represented in Senate and Assembly, do enact as follows:

Section 1. That it shall hereafter be unlawful for any person, or persons, to practice medicine, surgery or obstetrics in this State without first obtaining a license so to do as hereinafter provided.

Sec. 2. Within thirty days after this law goes into effect, it shall be the duty of the Governor of the State of Nevada to appoint a State Board consisting of five members, which shall be known as the Board of Medical Examiners of the State of Nevada, and shall be reputable practicing physicians, duly licensed as such by some legally chartered medical institution in the United States, and who shall have been actually engaged in the practice of medicine in the State of Nevada, three of whom shall be selected from the school of medicine known as the Regular, one from the school known as the Eclectic, and one from the school known as the Homeopathic. This Board shall be selected without regard to their individual political beliefs, and they shall hold office for the time for which they were appointed, viz, two for four years, one for three years, one for two years, and one for one year from the date of their appointment, and shall serve until their successors are appointed and qualified. Hereafter one member shall be appointed annually for the term of four years.

Cleveland Pasteur Institute
602 Hough Ave., Cleveland, Ohio.
Private Hospital for the Preventive Treatment of Hydrophobia.
H.R. BROWNLEE, M.D., Med. Director

In the event of a vacancy occurring in said Board, or absence from the State for a period of six months without permission, the Governor shall appoint a person duly qualified under this act to fill the unexpired term.

Sec. 3. Oath: Each member of said Board shall, before entering upon the duties of his office, take the constitutional oath of office, and shall, in addition, make oath that he is a graduate in medicine, and a legally qualified practitioner of medicine in this State.

Sec. 4. The said Board shall meet in Carson City, Nevada, on the first Monday in May, 1905, and shall organize by electing from its number a President, Vice-President, Secretary and Treasurer, who shall hold their respective positions during the pleasure of the Board. Said Board shall hold its regular meetings on the first Monday of May and the first Monday of November of each year, at such time and place as shall be most convenient to the said Board, and due notice of all special meetings of the Board shall be given by publication twice a week for each of the two weeks next preceding such meeting, in three papers published in the State of Nevada. Special meetings of the Board may be held at the call of the President, and the same notice thereof shall be given as in the case of regular meetings.

Sec. 5. Rules: Said Board may, from time to time, adopt such rules as may be necessary to enable it to carry into effect the provisions of this act. Any member of said Board may administer oaths in all matters pertaining to the duties of said Board, and the Board shall have the authority to take evidence as to any matter cognizable by it. Such Board shall procure a seal, and shall receive through its Secretary applications for the certificates provided to be issued under this act.

Sec. 6. A majority of said Board shall constitute a quorum to transact all business. All certificates issued by said Board shall bear its seal and the signatures of its President and Secretary, and shall authorize the person to whom it is issued to practice medicine in all its branches in this State, upon complying with the requirements of this act. Said Board may, in its discretion, accept and register, upon payment of the registration fee, and without examination of the applicant, any certificate which shall have been issued to him by the Medical Examining Board of the District of Columbia, or of any State or Territory of the United States; provided, however, that the legal requirements of such Medical Examining Board shall have been, at the time of issuing such certificate, in no degree or particular less than those of Nevada at the time when such certificate shall be presented for registration to the Board created by this act; and provided further, that the provisions in this paragraph contained shall be held to apply only to such of said Medical Examining Boards as accept and register the certificates granted by this Board without examination by them of the ones holding such certificates.

Sec. 7. After this law goes into effect, any person desiring to practice medicine, surgery or obstetrics, or any of the various branches of medicine in this State, shall, before beginning to practice, procure from the State Board of Medical Examiners a cetificate that such person is entiled to practice medicine, surgery or obstetrics in this State. In order to procure such certificate the applicant shall submit to the said Board his or her diploma, issued by some legally chartered medical school, the requirements of which medical school shall have been, at the time of granting such diploma, in no particular less than those prescribed by the Association of American Medical Colleges for that year, and he must accompany said diploma or license with an affidavit setting forth the number and duration of terms the applicant was required to be in attendance, and that he is the lawful possessor of the same, that he is the person therein named, and that the diploma or license was procured without fraud or misrepresentation of any kind. Such application shall be accompanied by the affidavit of two freeholders, resident of the same county in which the applicant resides, stating that the applicant is the identical person named in the accompanying diploma, and that he or she is of good moral standing and reputable. In addition to such affidavit, said Board may hear such further evidence as, in its discretion, it may deem proper as to any of the matters embraced in said affidavit. If it should appear from such evidence that said affidavit is untrue in any particular, or if it should appear that the applicant is not of good moral character, the application must be rejected. Said Board shall retain such diploma such time as is necessary, but in no case shall said Board retain such diploma to exceed two weeks. All such diplomas and affidavits shall be addressed to the Secretary of the Board.

Sec. 8. Applicants for certificates to practice medicine, surgery or obstetrics in the State of Nevada, other than those noted in the foregoing sections, shall be required to present a diploma from a legally recognized college, and to pass a satisfactory examination before the State Board of Medical Examiners as to his or her qualifications. The applicant must appear personally before the Board, and the examination shall be conducted in the English language, and shall be, in whole or in part, in writing, and in each branch shall obtain seventy-five per cent, and shall be on the following subjects, to wit: Anatomy, physiology, materia medica, and therapeutics, chemistry, bacteriology, pathology, toxicology, obstetrics, surgery, general medicine, diseases of the skin, eye, ear, nose, throat, brain and the genito-urinary system. Said examination shall be fair and impartial, and the questions of such a character as will determine the fitness of the applicant to practice his, or her, profession. When an applicant applies for examination in materia medica and therapeutics, and theory and practice of medicine, he shall designate in what school of medicine he desires to practice, and only the member or members of the Board who belong to the school so designated shall participate in this part of the examination. Examinations shall be practical in character, and designed to discover the applicant's fitness to practice medicine and surgery. If an applicant fail in his first examination, he may, after not less than six months, be re-examined without additional fee. If he fail in a second examination, he shall not thereafter be entitled to another examination in less than one year after the date of second examination, and shall be required to pay for such examination the full fee. The examination papers shall form a part of the records of said Board, and shall be kept on file by the Secretary, and such records shall be open to public inspection whenever requested, after the examination. Each applicant, on making application, shall pay to the Secretary of the Board a fee of twenty-five ($25) dollars at the same time the diploma and affidavit

KRETOL
Refined
Refined and distilled KRETOL is made into by-products, which are useful requisites to the lady's toilet; a most excellent preparation for softening the skin and beautifying the complexion. An excellent food for the skin and scalp. All Druggists, or The "Kretol" Co.
WASHINGTON D. C.

is filed with him, and this fee shall not be returned in the event of the applicant's failing to pass a satisfactory examination. Any person who may hereafter be granted a license to practice medicine and surgery in this State under this act upon the grounds of reciprocity with other States and without examination, shall pay a fee of twenty-five ($25) dollars for such license.

Sec. 9. Any unsuccessful applicant shall have the right to appeal to the courts, requiring the said Board to show cause why such applicant should not be permitted to practice medicine, surgery or obstetrics in the State of Nevada.

Sec. 10. Said Board shall procure a book for the purpose of recording the names of all persons to whom it issued certificates. In this book shall be entered the names of the applicants, together with the name of the school granting the diploma, the date of the diploma, the number of terms the applicant attended school, residence of applicant, and the date of issuance of certificate. This book shall be retained by the Secretary, who shall note the unsuccessful applicants, furnishing the same information as is given above. The Secretary shall furnish each county clerk in this State a complete list of persons to whom certificates have been issued, after each meeting of the Board. Such list shall be retained and filed by the county clerk, and it shall show the name, age and location of the holder of each certificate, together with the name of the institution conferring the degree, and the date of the issuance of certificate.

Sec. 11. The members of the Board shall serve without compensation, except that their actual expenses incurred while attending a regular or special meeting of the Board shall be refunded; provided, that the Secretary shall receive a semi-annual salary of one hundred and fifty ($150) dollars for his services. All moneys received by the Board shall be paid out on its order for its expenses, and the traveling expenses of the members, and if the moneys received are not sufficient to meet such expenses, then the Board shall certify to the Board of Examiners, with accomanying vouchers, over its seal and the signature of its President and Secretary, the amount actually necessary to meet the remainder of its expenses, and upon the approval of said claim by the Board of Examiners the State Controller shall draw his warrant upon any moneys in the General Fund not otherwise appropriated, and the State Treasurer shall pay the same.

Sec. 12. Every person to whom the Board shall issue a certificate shall present the same to the County Recorder of the county in which he desires to practice, and have the same recorded, and shall pay the fee usually paid for recording such papers. The Board may refuse a certificate to any applicant guilty of unprofessional conduct, and may revoke any certificate for a like cause. In all cases of refusal or revocation the party aggrieved may appeal to the courts. The words "unprofessional conduct," as used in this act, are hereby declared to mean:

First—The procuring or aiding or abetting in procuring a criminal abortion.

Second—The obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured.

Third—The willfully betraying a professional secret.

Fourth—All advertising of medical business in which grossly improbable statements are made.

Fifth—All advertising of any medicines, or of any means, whereby the monthly periods of women can be regulated, or the menses re-established if suppressed.

Sixth—Conviction of any offense involving moral turpitude.

Seventh—Habitual intemperance.

Sec. 13. For the purposes of this act the words "practice of medicine, surgery and obstetrics' shall mean to open an office for such purpose, or to announce to the public, or to any individual in any way, a desire or willingness, or readiness to treat the sick or afflicted in any county in the State of Nevada; or to investigate or diagnosticate, or to offer to investigate or diagnosticate any physical or mental ailment, or disease, of any person, or to give surgical assistance to, or to suggest, recommend, prescribe or direct for the use of any person, any drug, medicine, appliance or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture, or bodily injury, or deformity, after having received or with the intent of receiving therefor, either directly or indirectly, any money, gift, or any other form of compensation. It shall also be regarded as practicing medicine within the meaning of this act if anyone shall use in connection with his or her name the words or letters "Dr.," "Doctor," "Professor," "M. D.," or "Healer," or any other title, word, letter or other designation intended to imply or designate him or her as a practitioner of medicine, or surgery, or obstetrics in any of its branches; provided, that nothing in this act shall be construed to prohibit gratuitous services of druggists or other persons in cases of emergency, or the domestic administration of family remedies, and this act shall not apply to commissioned surgeons of the United States army or navy in the discharge of their official duties, nor shall it apply to professional or other nurses in the discharge of their duties as nurses, nor to physicians who are called into this State for consultation, and who are legally qualified to practice in the State where he or she resides. In charging any person in an affidavit, information or indictment with a violation of this act by practicing medicine, surgery or obstetrics without a license, it shall be sufficient to charge that he or she did, upon a certain day, and in a certain county of this State, engage in the practice of medicine, he or she not having a license to do so, without averring any further or more particular facts concerning the same.

Sec. 14. Any person who shall practice medicine, surgery or obstetrics in this State without first complying with the provisions of this act, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than one hundred ($100) dollars nor more than two hundred ($200) dollars, or by imprisonment in the county jail for not less than fifty (50) days nor more than one hundred and eighty (180) days, or by both such fine and imprisonment for each and every such offense. Any person may institute proceedings at law provided for in this act.

THE
KEELEY INSTITUTE,
MARION, INDIANA.

FOR THE CURE OF
LIQUOR and DRUG HABITS
The Treatment is identical with that used by the late DR. LESLIE E. KEELEY. The time spent with us is like a PLEASANT VACATION TO THE PATIENT.

Sec. 15. Every person filing for record, or attempting to file for record, the certificate issued to another, falsely claiming himself to be the person named in such certificate, or falsely claiming himself to be the person entitled to the same, shall be guilty of felony, and, upon conviction thereof, shall be punished by imprisonment in the State prison not less than one year nor exceeding five years.

Sec. 16. Any person assuming to act as a member of a State Boardof Medical Examiners, or who shall sign, or subscribe, or issue or cause to be issued, or seal or cause to be sealed, a certificate authorizing any person to practice medicine or surgery in this State, except the person so acting and doing shall have been appointed a member of said Board of Medical Examiners as in this act provided, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than one hundred ($100) dollars nor more than five hundred ($500) dollars, or by imprisonment in the county jail for a term of not less than sixty (60) nor more than one hundred and eighty (180) days, or by both such fine and imprisonment.

Sec. 17. Every person practicing medicine, surgery or obstetrics in the State of Nevada on the first Monday of May, 1905, shall submit to the said Board his or her diploma for registration, and a fee of twenty-five ($25) dollars shall accompany such diploma; provided, that the owner of such diploma shall, if he or she was practicing medicine, surgery or obstetrics prior to the passage of the act approved March 15, 1899, and has not complied with said act of March 15, 1899, pay a fee of five ($5) dollars for such registration, but said person shall submit to the Board said diploma on the first Monday of May, 1905; provided further, that all persons who have complied with the act of March 15, 1899, shall be entitled to full registration by the said Board of Medical Examiners, and nothing in this act shall be construed to prevent such registration, and the Secretary of said Board shall enter free of all charge, upon the record book of said Board, the names of all persons who have complied with the act of March 15, 1899. And be it furhter provided, that a certificate of registration or license issued by the proper Examining Board of any State, which agrees on reciprocal registration with this State, may be accepted as evidence of qualification for reciprocal registration in this State; provided, that the holder of such certificate was, at the time of such registration, the legal possessor of a diploma issued by a medical college in good standing in this State, and that the date thereof was prior to the passage of this act.

Sec. 18. All acts and parts of acts in conflict with this act are hereby repealed.

Sec. 19. This act shall take effect from and after the third day of May, nineteen hundred and five.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ⟨, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

NEW HAMPSHIRE.

CAPITAL, CONCORD.

Population of State, 411,588.
(U. S. Census of 1900.)
Number of Physicians, 735.

New Hampshire, one of the original thirteen States, has a population (according to the United States Census of 1900) of 411,588, as against 376,530 in 1890, representing an increase during the decade of 35,058, or 9.3 per cent. The total land surface of New Hampshire is, approximately, 9,005 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 41.8; 1900, 45.7. It is bounded on the north by Canada, on the south by Massachusetts, on the east by Maine and the Atlantic Ocean, and on the west by Vermont, and extends from 42 degrees, 41 minutes to 45 degrees, 11 minutes, north latitude, and from 70 degrees, 40 minutes, to 72 degrees, 28 minutes, west longitude. Along the sea coast extends a tract of low and level land, some thirty miles wide, which rises to a narrow belt of hill country and culminates in the famous White Mountains in the northern part of the State, of which the highest point, Mt. Washington, forms the loftiest summit in New England. This range has outlying groups interspersed over the State. The climate is rigid and the winters long and severe, particularly in the more elevated mountainous districts. The summers are usually mild and pleasant, although a temperature of over 100 degrees in the shade is not of rare occurrence. The mean annual temperature ranges from 38 degrees in Coos county and the White Mountains to 48 degrees in the southern portion. The rainfall averages from 10 to 14 inches in summer, and from 6 to 12 inches in winter, and from 32 to 40 inches during the year. The sea coast and the Connecticut valley receive the largest amount of precipitation.

The State is well watered. The principal rivers are the Connecticut (which forms its entire western line of demarcation), with its numerous tributaries, and the Merrimac with its feeders flowing through the center of the state and emptying into the Atlantic. The upper waters of the Androscoggin drain a large portion of the northern section. There are numerous lakes and the State is noted for the remarkable beauty of its mountain and lake scenery. Fine forests of oak, pine, beech, sugar maple, birch, etc., cover the mountains and the northern parts of the State, and willows, poplars and sycamore grow along the rivers.

The following table shows population for 70 years:

1830	269,328	1870	318,300
1840	284,574	1880	346,991
1850	317,976	1890	376,530
1860	326,073	1900	411,588

Total number of deaths in 1900 was 7,624; rate per thousand of population, 18.52.

For list of Medical Colleges, see page 152.

STATE BOARD OF HEALTH.

Governor John McLane, Milford; Attorney General E G Eastman, Exeter; Pres, G P Conn, M D, Concord; C S Collins, M D, Nashua; Robert Fletcher, C E, Hanover; Sec, Irving A Watson, M D, State House, Concord.

MEDICAL LAW OF NEW HAMPSHIRE.

AN ACT to regulate the licensing and registration of physicians and surgeons. Be it enacted by the Senate and House of Representatives in General Court convened:

Section 1. No person shall hold himself out to the public as a physician and surgeon, or advertise as such, or use the title of M. D. or Dr. (or any title which shall show or tend to show that the person using the same is a practitioner of any of the branches of medicine) in New Hampshire after September 1, 1897, unless previously registered and authorized, or unless licensed and registered as required by this chapter; nor shall any person practice medicine and surgery whose authority to practice is suspended or revoked by the agent of a State Board.

Sec. 2. Within sixty days after the passage of this act, the Governor and Council shall appoint three separate State Boards of Medical Examiners, of five members each, so appointed that the term of office of one member shall expire each year, and the members thereafter appointed shall hold office five years, or until their successors are appointed and qualified. One board shall represent the New Hampshire Medical Society, one the New Hampshire Homeopathic Medical Society, and one the New Hampshire Eclectic Society. Each of these three societies shall nominate, annually, twice the number of examiners to be appointed in that year on the Board representing it. The names of such nominees shall be annually transmitted, under seal, by the President and Secretary, to the Governor and Council, who shall appoint from such lists the examiners required to form the Boards and to fill any vacancy that may occur from expiration of office or otherwise. Each nominee, before appointment, shall furnish to the Governor and Council satisfactory proof that he has received the degree of doctor of medicine from some registered medical school, and that he has legally practiced medicine in this State for at least five years. If no nominees are presented from a society to the Governor and Council, they may appoint from members in good standing in such society without restriction. The Governor and Council, upon recommendation of the Board, may remove any examiner for misconduct, incapacity, or neglect of duty.

Sec. 3. Every medical examiner shall receive a commission of appointment from the State, and before beginning his term of office shall file with the Secretary of State the constitutional oath of office. Each Board, or any member thereof, may take testimony and proofs concerning all matters within its jurisdiction. Each Board may make any by-laws and rules, not inconsistent with law, necessary in performing its duties.

Sec. 4. The superintendent of public instruction, ex-officio, shall be the regent of the State Boards of Medical Examiners, and shall perform such duties as are herein specified.

Sec. 5. From the fees provided by this act, the regent may pay all proper expenses incurred by its provisions, except compensation to medical examiners; and any surplus at the end of any year shall be apportioned equally among the three Boards; and the State shall not pay the expenses of said Boards, or either of them, or compensate them, or either of them, for services rendered under their commissions.

Sec. 6. Each board shall annually elect from its members a President and Secretary for the year, and shall hold one or more meetings each year, pursuant to call of the regent, who may also call joint meetings of the three Boards or of their officers. At any meeting a majority shall constitute a quorum, but questions prepared by the Boards may be grouped and edited, or answer papers of candidates may be examined and marked, by committees duly authorized by the Boards.

Sec. 7. The regent shall admit to examination any candidate who pays a fee of $10 and submits satisfactory evidence, verified by oath, if required, that he,—

1. Is more than twenty-years of age.
2. Is of good moral character.
3. Has graduated from a registered college; or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education considered and accepted by the regent as fully equivalent.
4. Has studied medicine not less than four full school years, of at least nine months each, including four satisfactory courses, of at least six months each, in four different calendar years, in a medical college registered as maintaining at the

THE CUTTER ANALYTIC LABORATORY, SAN FRANCISCO, CALIFORNIA.
Manufactures Biological Products Under Ideal Climatic Conditions.
FACILITIES PERFECT. STANDARDS HIGH. (See page 261.)

time a satisfactory standard. The regent shall accept, as the equivalent for any part of the third and fourth requirements, evidence of five or more years' reputable practice, provided that such substitution be specified in the license.

5. Has either received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country.

Students who matriculate in a New Hampshire medical school before January 1, 1898, on the prescribed study of medicine, shall be exempt from the preliminary education requirement.

Sec. 8. Each Board shall submit to the regent, as required, lists of suitable questions for thorough examinations in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, and therapeutics, including practice and materia medica. From these lists the regent shall prepare question papers for all these subjects, which at any examination shall be the same for all candidates, except that in therapeutics, practice, and materia medica all the questions submitted to any candidate shall be chosen from those prepared by the Board selected by that candidate and shall be in harmony with the tenets of that school, as determined by its State Board of Medical Examiners.

Sec. 9. Examinations for license shall be given at Concord, in this State, and at least twice annually, and shall be exclusively in writing and in English. Each examination shall be conducted by the regent, or a competent examiner appointed by him, who shall not be one of the medical examiners. At the close of each examination the regent or examiner in charge shall deliver the questions and answer papers to the Board selected by each candidate, or to its duly authorized committee, and such Board, without unnecessary delay, shall examine and mark the answers and transmit to the regent an official report, signed by its president and secretary, stating the standing of each candidate in each branch, his general average, and whether the Board recommends that a license be granted. Such report shall include the questions and answers and shall be filed in the public records of the regent. If a candidate fails on first examination he may, after not less than six months' further study, have a second examination without fee. If the failure is from illness, or other cause satisfactory to the Boards, they may waive the required six months' study.

Sec. 10. On receiving from a State Board an official report that an applicant has successfully passed the examinations and is recommended for license, the regent shall issue to him a license to practice medicine. Every license shall be issued by the regent under seal, and shall be signed by each acting medical examiner of the Board selected, and by the regent, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, preliminary and medical education, and all other matters required by law, and that after full examination he has been found properly qualified to practice. Applicants examined and licensed by other State Examining Boards registered by the regent as maintaining standards not lower than those provided by this chapter, and applicants who matriculate in a New Hampshire medical school before January 1, 1898, and who receive the degree M. D. January 1, 1903, may, without further examination, on payment of five dollars to the regent and on submitting such evidence as may be required, receive an indorsement of their licenses or diplomas conferring all rights and privileges of a regent license issued after examination.

Before any license is issued it shall be numbered and recorded in a book kept in the regent's office, and its number shall be noted in the license. This record shall be open to public inspection, and in all legal proceedings shall have the same weight as evidence that is given to a record of conveyance of land.

Sec. 11. (As amended by chapter 1 of the Session Laws of 1903.) This chapter shall not be construed to affect the commissioned medical officers serving in the United States army, navy, or marine hospital service, while so commissioned; or any one while actually serving on the resident medical staff of any legally incorporated hospital; or any legally registered dentist exclusively engaged in practicing dentistry; or any manufacturer of artificial eyes, limbs, or orthopedic instruments or trusses in fitting such instruments on persons in need thereof; or any lawfully qualified physician in other states or countries meeting legally registered physicians in this State in consultation; or any physician residing on a border of a neighboring state and duly authorized under the laws thereof to practice medicine therein, whose practice extends into this State, and who does not open an office or appoint a place to meet patients or receive calls within this State; or to the regular or family physicians of persons not residents of this State, when called to attend them during a temporary stay in the State; neither shall the provisions of this act apply to clairvoyants, or to persons practicing hypnotism, magnetic healing, mind cure, massage, Christian science, so called, or any other method of healing if no drugs are employed or surgical operations are performed; provided, such person do not violate any of the provisions of this act in relation to the use of M. D. or the title of doctor or physician.

Sec. 12. Any person who, not being then lawfully authorized to practice medicine within this State and so registered according to law, shall hold himself out to the public as a physician and surgeon, or advertise as such, within this State, without lawful registration or in violation of any provision of this chapter; and any person who shall buy, sell, or fraudulently obtain any medical diploma, license, record, or registration, or who shall aid or abet such buying, selling, or fraudulently obtaining, or who shall practice medicine under cover of any medical diploma, license, record, or registration illegally obtained, or signed, or issued unlawfully, or under fraudulent representations or mistake of fact in a material regard; and any person who shall append the letters M. D. to his or her name; or shall assume or advertise the title of doctor (or any title which shall show or tend to show that the person assuming or advertising the same is a practitioner of any of the branches of medicine) in such a manner as to convey the impression that he or she is a legal practitioner of medicine, or of any of its branches, without having legally received

POLK'S NATIONAL DIRECTORIES.
We can furnish lists of any trade not included in the above.
Medical, Dental, Lumber, Real Estate, Financial, Flour Mill, Grain, Bakers, Iron and Steel, Coal and Coke, Tobacco and Cigar.
R. L. POLK & CO., Publishers, DETROIT, MICH.

the medical degree, or without having received a license which constituted at the time an authority to practice medicine under the laws of this State then in force, shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than one hundred dollars or imprisonment for three months for the first offense; and on the conviction of any subsequent offense, by a fine of not more than two hundred and fifty dollars or imprisonment for not less than six months, or by both fine and imprisonment.

Sec. 13. Every person who is a practitioner of medicine and surgery in this State prior to the passage of this act shall be, upon satisfactory proof thereof to the regent and upon the payment of a fee of one dollar, entitled to registration; and the said regent shall issue to him a certificate signed by himself and the chairman and secretary of such Board of Medical Examiners as the applicant may elect; and said certificate shall state the facts and the cause of said registration, and shall entitle the said person to practice medicine legally in the State of New Hampshire.

Sec. 14. The first meeting of the Boards may be called by any one of the members by a notice in writing, stating the time and place of meeting, sent by mail to each of the other members at least one week prior thereto.

Sec. 15. This act shall take effect on its passage.

Approved March 16, 1897.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ‹, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

C

NEW JERSEY.

CAPITAL, TRENTON.

Population of State, 2,144,143.
(State Census of 1905.)
Number of Physicians, 2,634.

New Jersey, one of the original thirteen States, extends from 38 degrees 56 minutes to 41 degrees 30 minutes north latitude, and from 73 degrees 55 minutes to 75 degrees 32 minutes west longitude, and is bounded on the north by New York, on the south by Delaware bay, on the east by the Atlantic ocean, and on the west by Pennsylvania.

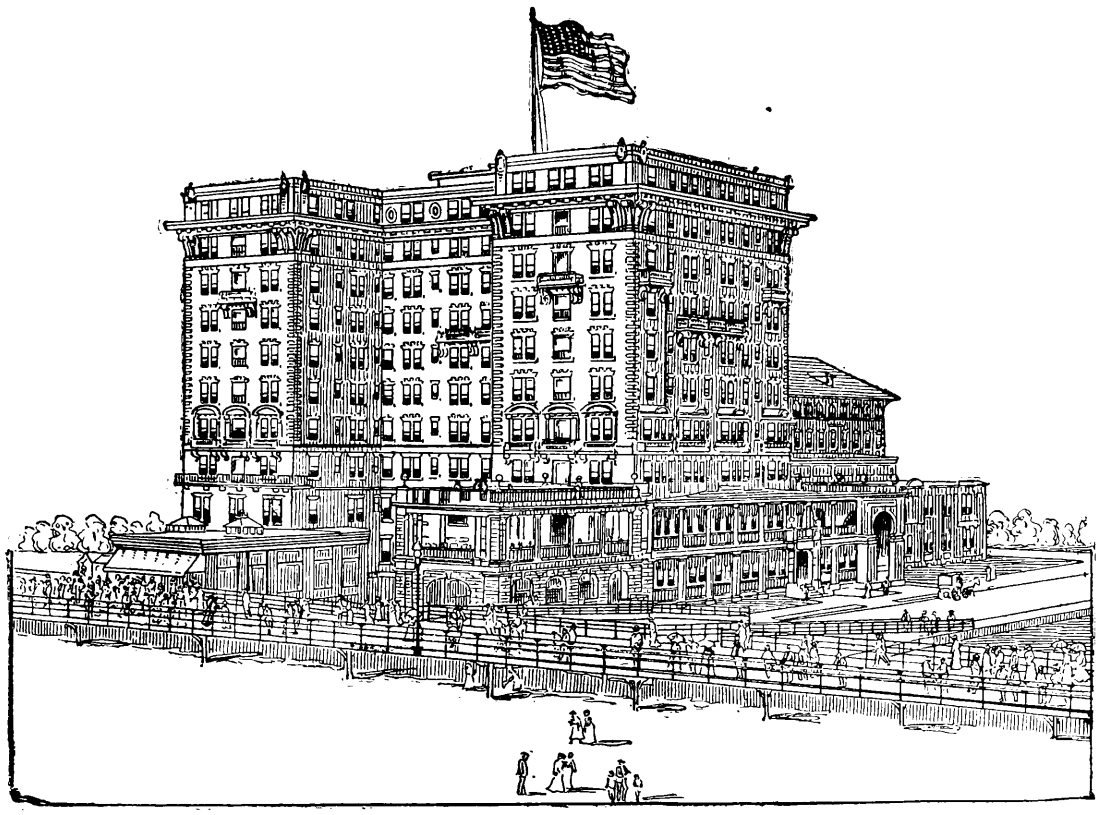
The State may be divided into three sections. The northwestern part is mountainous, being traversed by a broad belt of ridges belonging to the Appalachian system. The middle section consists of red sandstone with trap ridges and is diversified by gentle undulations. The lower half of the State, with its sandy soil and its forests of pine, is comparatively level and forms a part of the Atlantic coast plain. The climate is mild, being tempered by the vicinity of the ocean. The mean annual temperature, as observed at Newark during a period of 24 years, was 50.50 degrees, that of the summer 70.35 degrees and that of the winter 30.75 degrees.

The State is well watered, and the abundance of its streams renders perfect drainage very easy, while their rapid fall gives them great value for their water power. The principal rivers are the Hudson, which runs along the eastern border for 28 miles; the Delaware, forming the western border and draining 2,100 square miles of its area; the Hackensack, Raritan, Passaic, Navesink, Rahway, Great Egg, Shrewsbury, Toms, Maurice and Mullica. There are numerous beautiful small lakes in the northwestern part of the state.

The following table shows increase in population since 1830:

1830	320,823	1870	906,096
1840	373,306	1880	1,131,116
1850	489,555	1890	1,444,933
1860	672,035	1900	1,883,669
		1905 (State Census)	2,144,413

The total land surface is, approximately,



Chalfonte

IS NOT A SANATORIUM

but is a modern ten-story, fire-proof house, in which special provision has been made for those seeking rest and repose at the seashore. Send your patients and come yourself.

MEDICAL LAW OF NEW JERSEY.

SYNOPSIS OF THE REQUIREMENTS FOR LICENSE TO PRACTICE MEDICINE AND SURGERY.

1. Name, Residence, Place and Date of Birth, showing that candidate is over 21 years of age.

2. Academic Requirements: Candidates for the medical license of New Jersey must present a certificate of academic education, or a certified copy of diploma, in one of the following forms:

(a) A certificate or diploma issued after four years of study either in a normal, manual training or high school of the first grade in this State, or in a legally constituted academy, seminary or institute of equal grade.

(b) A student's certificate of examination for admission to the freshman class of a reputable literary college, attested by the seal of the institution attended, or before a notary.

(c) A certificate from the State Superintendent of Public Instruction of New Jersey, who is authorized to determine whether the candidate's academic education is fully equivalent to either of the above requirements.

Candidates applying for this form of certificate should present their credentials (academic, scientific or commercial) in person, to the State Superintendent of Public Instruction, Trenton, N. J., at least two weeks prior to the State or County examinations for teachers, as given below.

Candidates failing to obtain one of the above certificates (a, b or c) may be referred by the State Superintendent of Public Instruction to the State or County Boards of Examiners for Teachers for examination.

The State Examinations for Teachers are held in Trenton on the second Thursday, Friday and Saturday in June and December.

The County Examinations for Teachers are held in the different counties on the first Friday and Saturday in February, May and October.

BURN-BRAE, A PRIVATE HOSPITAL FOR MENTAL AND NERVOUS DISEASES.
(See adv. in PHILADELPHIA.)

Candidates desiring to take these examinations should apply to the State Superintendent of Public Instruction at Trenton, at least two weeks prior to the dates given above.

A marking of 70 or above must be obtained to entitle the candidate to the counts allowed for each subject in the following list prepared by the State Superintendent of Public Instruction. Counts may be obtained at either the State or County examinations or at both, and must amount to 48, to entitle the candidate to a certificate of academic qualification.

The State Teachers' Examination embraces 92 counts in the following subjects, any 48 of which will be considered and accepted as equivalent to a high school course of four years.

THURSDAY

Plane and Solid Geometry	6 counts	Chemistry	4 counts
Literature	4 counts	Botany	2 counts

FRIDAY

Drawing	4 counts	French, 1st and 2d years	8 counts
Manual Training	4 counts	German, 1st and 2d years	8 counts
Latin, 1-4 years	16 counts	Bookeeping	2 counts
Greek, 1-3 years	12 counts	Commercial Arithmetic	2 counts
Physics	4 counts		

SATURDAY

Physical Training	4 counts	Zoology	2 counts
Stenograph	2 counts	Geology	2 counts
Business Practice	2 counts	Plane Geometry	4 counts

The County Teachers' Examination embraces 106 counts, in the following subjects, any 48 of which will be regarded as the equivalent of a high-school course of four years:

FRIDAY

Orthography	4 counts	English Grammar	2 counts
Arithmetic	4 counts	Geography	2 counts

SATURDAY

Physiology and Hygiene	2 counts	General History	4 counts
Composition	4 counts	Plane Geometry	4 counts
United States History	4 counts	Latin, 1st and 2d year (February and May)	8 counts
Bookkeeping	2 counts	Latin, 1-4 years (October)	16 counts
Algebra	4 counts	French, 1st and 2d years	8 counts
Civics	2 counts		
Physics	4 counts		
German, 1st and 2d years	8 counts		

The following additional subjects are given only at the October examinations:

SATURDAY

Drawing	4 counts	Manual Training	4 counts
Greek, 1-3 years	12 counts	Physical Training	4 counts

Candidates who furnish satisfactory evidence of having completed a two or three years high school course will be given due credit for the same and will be examined only in the remaining subjects of the full course.

Examinations will be entrusted only to the regularly organized official examining boards.

If a candidate shall fail to secure the required number of academic counts at one session of a board of examiners, due credit will be given for the subjects in which he has passed, and it shall be his privilege to attend subsequent examinations.

A New York Regents Medical Student's Certificate of forty-eight counts will be accepted as the equivalent of a high school course.

Any regular State teachers' certificate (not including certificates to teach music, drawing, manual training, physical training, or other special subjects), or Latin in connection with a first grade county certificate, will be accepted as evidence of preliminary academic education.

A certificate of graduation from any registered gymnasium in Germany, Austria, or Russia, or a certificate of a completed course of five years in a registered Italian gymnasium and of three years in a lyceum will be accepted as meeting the requirements. Graduates of foreign schools must obtain a certificate of academic education from the State Superintendent of Public Instruction.

Academic certificates accepted as credentials for admission to the State medical examination, or for indorsement, will be attached to the application forms and filed permanently in the State Library at Trenton.

3. Medical Requirements: Candidates must have received a diploma conferring the degree of doctor of medicine from some legally incorporated medical college (which in the opinion of this board was in good standing at the time of issuing said practice all the branches of medicine and surgery in some foreign country, and have also studied medicine not less than four full school years of at least nine months each, including four satisfactory courses of lectures of at least seven months each, in four different calendar years in some legally incorporated American or foreign medical college or colleges, prior to the granting of said diploma or foreign license.

When candidates have taken lectures at more than one medical college, a certificate of attendance, attested by the seal of the college, must be presented from each institution in addition to the affidavit on the blank from the college of graduation.

First Exemption: Candidates for license who graduated prior to July 4th, 1903, and have been in continuous and reputable practice for at least five years since graduation, may be admitted to the examinations of this board upon certified and satisfactory evidence of moral character, of three courses of medical lectures in different

calendar years and of a competent academic education according to the standard of that time, as determined in the case of non-graduates of academic institutions by the State Superintendent of public instruction; provided, however, that such substitution and exemption be specified in the license.

Second Exemption: Candidates for license who graduated prior to July 4th, 1894, and have been in continuous and reputable practice since graduation, may be admitted to the examinations of this board upon certified and satisfactory evidence of moral character, of two courses of medical lectures in different calendar years, and of a competent academic education according to the standard of that time, as determined in the case of non-graduates of academic institutions by the State Superintendent of Public Instruction; provided, further, that such substitution and exemption be specified in the license.

4. Moral Requirements: Candidates for examination must present a certificate of moral character, signed by two physicians in good standing, one of whom must be a resident of New Jersey, recommending them as entirely worthy to be licensed to practice medicine and surgery in the State of New Jersey.

5. Application for Examination: Candidates for examination should apply to the Secretary of this Board for a blank form of application which must be filled out in accordance with the printed instructions on the blank; bear the seal of the medical institution from which the applicant was graduated, and be returned to the Secretary for approval and filing, with a certificate of academic education and a certified check, signed by or payable to the order of the candidate, or a postal money order, for $25.00, the regular examination fee, at least ten days before the date of the examination. In addition to the above requirements, graduates of foreign institutions must file, with their applicants, a certified copy, with translation, of their academic and medical diplomas, made by and under the seal of their respective consuls-general, showing that the candidate possesses the full right to practice medicine in all its branches in the country in which the diploma was issued, to which the candidate must make affidavit that he is the person named therein.

Each candidate will be required to file with his or her application for examination a recent photograph of himself or herself, on the reverse side of which the candidate must write his or her name before a notary, or other legal official, who must certify over his seal to the identity of the photograph with the candidate and to the genuineness of the signature. No candidate will be admitted to the examination who has not complied with this rule. If the application is approved, the candidate will be advised of the time and place of the examination and of the rules governing the same. After the examination, the application forms, with examination questions, papers, averages and academic certificates, will be filed permanently in the State Library at Trenton. Neither academic nor medical diplomas should be sent to the Secretary unless requested. In case of failure to pass the examination, the candidate may be re-examined at any regular examination within one year without the payment of an additional fee. Second or subsequent examination includes all branches.

6. Subjects of Examinations: All examinations shall be written in the English language, and shall be held in the following subjects, namely: (Sec. 1) materia media and therapeutics, (Sec. 2) obstetrics and gynecology, (Sec. 3) practice of medicine, including physical diagnosis and diseases of the skin, nose and throat, (Sec. 4) surgery, including surgical anatomy and diseases of the eye, ear and genito-urinary organs, (Sec. 5) anatomy, (Sec. 6) physiology, (Sec. 7) chemistry, (Sec. 8) histology, pathology and bacteriology, (Sec. 9) hygiene and medical jurisprudence.

Candidates intending to practice homœopathy or eclecticism will be examined in materia medica and therapeutics by the members of the Board of Examiners representing these schools. Two hours are given to each section, in which fifteen questions are submitted, ten of which must be answered by the candidate. A total average of at least 75 per cent, or 675 points out of a possible 900, must be attained.

7. Date and Place of Examination: The regular examinations of the board are held in the Capitol, at Trenton, on the third Tuesday and Wednesday in June and October. Application for proper blank forms for the June examination should be made early in May, and for the October examination in August.

8. Indorsement of Medical Licenses: Indorsement of medical licenses issued by other States can only be granted by this State, in lieu of examination, where the standard of requirements is substantially the same as that of New Jersey.

Candidates for indorsement must comply with the same requirements as candidates for examination, and with the following additional conditions:

(a) Candidates must have passed a State examination, satisfactory to and approved by this Board, in substantially the same medical branches, and under essentially the same rules and regulations as required by this Board for examination, and must have received a State license upon an average marking of at least seventy-five per cent.

(b) Candidates must present with their applications a certificate of moral character either from an incorporated medical society, signed by the president or secretary thereof over the seal of the society, or from two legally qualified physicians, residents of the same locality as the candidate, duly attested by a notary.

(c) Candidates must present a letter from a registered, reputable physician of New Jersey, recommending them for indorsement by this Board.

9. Application for Indorsement: Application for indorsement must be made upon a blank form obtained of the Secretary, which must be filled out in conformity with the above conditions; bear the seal of the medical institution from which the candidate was graduated, with the certificate of the Dean or other executive officer, stating number and length of courses of lectures and date of graduation; bear a verbatim copy of the applicants State medical license over the seal of the State Examining Board issuing the same, together with the affidavits of the President and Secretary thereof, as to the date of examination, number of license, subjects examined and total average attained, and must be returned to the Secretary of this Board for

approval and filing, with the affidavit of the candidate and a certified check or postal money order for the regular fee of fifty dollars. Graduates of foreign institutions must file, with their applications, a certified copy, with translation, of their medical diploma, made by and under the seal of their respective consuls-general, showing that the candidate possesses the full right to practice medicine in all its branches in the country in which the diploma was issued, to which the candidate must make affidavit that he is the person named therein.

If the application is approved, the license of this Board will be granted, and the application form, with certificates of recommendation, moral character and academic education, will be filed permanently in the State Library at Trenton as prima facie evidence of matters contained therein. The indorsement of a college diploma, or a foreign license, cannot be accepted in lieu of a State examination. Candidates must designate the State license to be indorsed, and the acceptance of an application for indorsement cannot be determined until the forms provided by this Board have been properly filled out and submitted for approval.

10. Certified Copy: A certified copy of the license issued by this Board must be filed with the clerk of the county in which the candidate intends to practice. Candidates removing from one county to another must file a certified copy of their license with the clerk of the county to which they remove; duplicate certified copies may be obtained from the Secretary of this Board by forwarding the original license with the fee of $2.00.

Candidates, whether for examination or indorsement, must not begin the practice of medicine in this State until they have received a certificate of license from this Board and have duly filed a copy of the same.

11. Temporary License: A temporary license may be granted to a legally qualified physician of another State to take charge of the practice of a legally qualified physician of this State, temporarily, during the latter's absence from this State, upon written request from the physician residing in this State, made on the blank form of this Board under affidavit, and returned to the Secretary for filing with the regular fee of $2.00, when license will be issued. This license covers a period of not less than two weeks nor more than four months. A temporary license will not be granted under any other conditions.

12. Penalty for Unlawful Practice: Any person hereafter commencing the practice of medicine and surgery in any of its branches in this State without first having obtained and filed a license from this Board as provided for in the act regulating the practice of medicine and surgery, approved May 22d, 1894, amended and approved April 8th, 1903, or contrary to the provisions of the act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished for the first offense by a fine of not less than one hundred dollars or by imprisonment in the county jail for a period of not less than thirty days, or by both fine and imprisonment, and for each subsequent offense the punishment shall be double that of the preceding one; and it shall be the duty of the respective district attorneys of the counties of this State to prosecute violation of the provision of this act.

E. L. B. GODFREY, M. D.,
Secretary State Board of Medical Examiners.

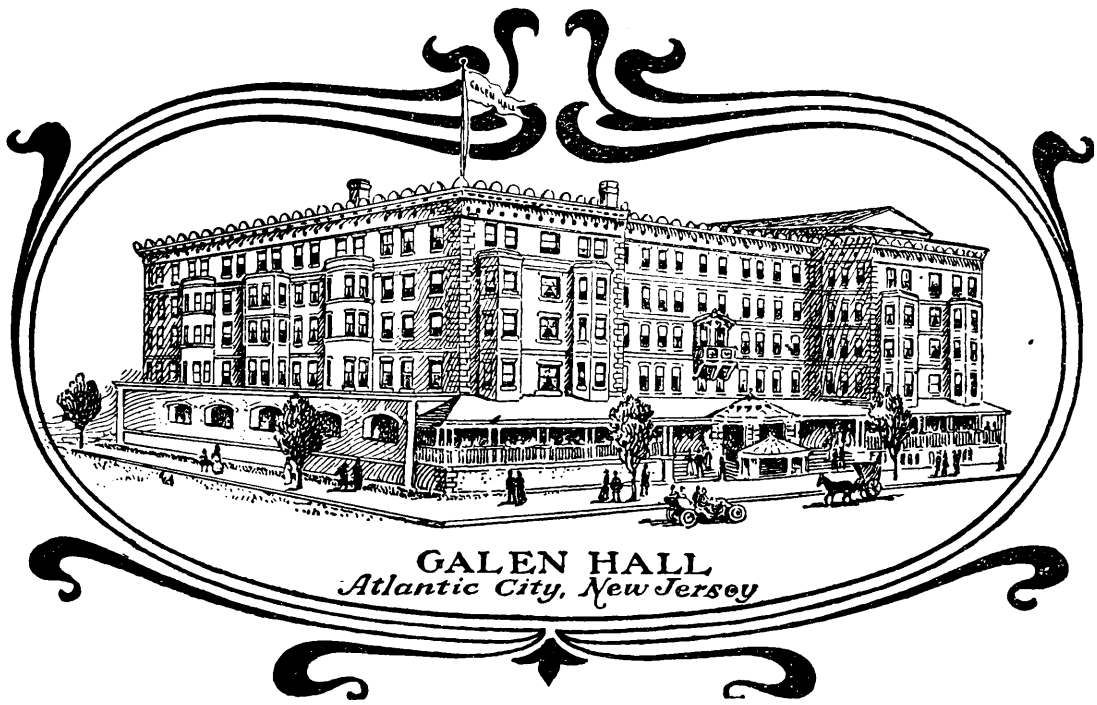
"The Salt Breath of the Sea Brings Health"



GALEN HALL

Is Atlantic City's Great Sanatorium

Maintained for those who appreciate sanatorium facilities combined with hotel luxuries. Handsomest, safest, most modern of buildings. Large building, a portion just completed this year. "Half Acre of Baths," embracing all worthy mechanical, electrical and hydrotherapeutic methods of treatment. Massage, sea-water swimming pool.

Rooms single or en suite, with bath. Mental, liquor and lung cases not taken.

Galen Hall has had a rapid and healthy growth of 10 years—never closed. Water supplied from our own artesian well, 842 feet deep.

Whether for health or pleasure, visit Galen Hall.

Automobile meets trains.

For Booklet address

F. L. YOUNG, Gen'l Manager.

The Physician makes HEALTH to order for the Human Race

The National Fur & Tanning Co. makes WARMTH to order for the Physician.

See Page 4 For Catalogue write The National Fur & Tanning Co. Three Rivers, Mich.

SUMMER SANATORIUM

BETHESDA

Milton, Morris County, N. J. Long Distance Tel. 9 F 33 Newfoundland, N. J.

This Sanatorium is conducted strictly in accordance with the laws of nature, and the principles and ideas set forth by Adolph Just. Absolutely pure fruit (nuts, etc.) diet. Milk and pure butter produced on the spot. Ideal location. Pine woods. Beautiful lake for boating and swimming and creek for taking the natural bath. Without doubt the most lovely and healthiest situation in the State of New Jersey.

The arrangements are most complete and sanitary. Remarkably successful results have been obtained in cases of hopeless "so-called" incurable diseases.

Sleeping in the open air, bare earth, or on grass; if necessary in light air huts, with good beds. Clay applications and air baths. Nervous diseases are most rapidly benefited by this treatment.

Requiring treatment or for circulars address

WINTER SANATORIUM

252-254 Littleton Avenue, Newark, New Jersey

Long Distance Tel 2627 J

This Institution is comfortably arranged for Surgical and Gynecological assistance (in wounds and female treatment), and for the whole method of nature's cure (water cure), also Massage, Electricity and Health Gymnastics.

Chronic Diseases of every description receive special attention, and often when all medical treatment has failed many have been restored to perfect health by this method.

Steam Baths and Ordinary Baths can be had at all hours during the day.

The most prominent physicians in the vicinity are in attendance at the Institution.

Incurable cases not taken.

NEW MEXICO.

CAPITAL, SANTA FE.

Population of Territory, 195,310.
(U. S. Census of 1900.)
Number of Physicians, 281.

New Mexico was organized as a territory December 13, 1850. It extends from 31 degrees 20 minuts to 37 degrees north latitude, and from 103 degrees to 109 degrees nine minutes west longitude, and is bounded on the north by Colorado, on the south by Texas and the Republic of Mexico, on the east by Texas and Indian Territory, and on the west by Arizona. It comprises an area of 121,201 square miles, or 77,568,640 acres.

The climate is salubrious; mild and equable winters being followed by cool and invigorating summers. The mean annual temperature of Santa Fe is 50.54 degrees; that of the summer 70.50 degrees and of the winter 30.28 degrees. The rainfall is light, varying from 8 inches in the valley of the Rio Grande to 20 near the Texas State line.

The following table shows the increase in population for 30 years:

1870	91,874	1890	153,593
1880	119,565	1900	195,310

AN ACT
TO REGULATE THE PRACTICE OF MEDICINE IN NEW MEXICO.

Be it enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. That a Board of Health is hereby established which shall be known as the New Mexico Board of Health, and be composed of seven reputable physicians of known ability who are graduates of medical schools of good standing, who are

BURN-BRAE, A PRIVATE HOSPITAL FOR MENTAL AND NERVOUS DISEASES.
(See adv. in PHILADELPHIA.)

registered practitioners in, and who are bona fide residents of New Mexico. The Governor of New Mexico shall appoint the members of said board, and shall fill any vacancies occurring therein, and shall remove from said board any member who fails to fully perform his duties on said board. The members of said board shall be appointed for a term of two years, and qualify as the Board of Regents of the University of New Mexico is required to do.

Sec. 2. The board shall organize and select one of its members as president, one as vice-president, one as secretary, and one as treasurer, within four months after the appointment of its members. Said board shall hold meetings in the city of Santa Fe, in the Capitol building, in the rooms provided for it by the Capitol custodian committee, on the first Mondays of each and every June and December. Said board may hold a special meeting in cases of emergency, said special meeting to be called by the president of the board, and the object of the meeting fully stated. A majority of the members of this board shall constitute a quorum for the transaction of all business.

Sec. 3. The said board shall, upon the production of evidence satisfactory to it, license any reputable person who is a graduate of a medical college in good standing, as defined by this act, to practice medicine, surgery and obstetrics in New Mexico. A medical college in good standing for the purposes of this act is declared to be one of at least ten years continuous existence, one which now requires a high school certificate or its equivalent, for admission to it, and one which now or hereafter requires an attendance on, and gives, four full courses in four separate years, and one which has ample clinical facilities such as are furnished in large cities. And said board shall at its December meeting in each year prepare and cause to be printed and distributed for the information of those interested a copy of this law and a list of the medical colleges in the United States of America recognized by it to be in good standing under this section. And such board shall recognize any honorary or emeritus degree conferred upon any eminent foreigner by any such college as fully and to the same extent as if the applicant were a regular graduate thereof. The president and secretary of said board shall be and are hereby empowered to administer oaths to applicants and all witnesses and others appearing before said board in any application or proceeding provided for herein, and any person making a false oath or affidavit before said board, shall be guilty of perjury, and be subject to punishment for that crime. The secretary of said board shall issue a temporary license to any person complying with the provisions of this act, who has paid the fee to the secretary.

Sec. 4. Every person holding a certificate of said Board of Health, shall have the same recorded in a book provided for that purpose in the office of the probate clerk of the county wherein the practitioner resides, within thirty days after said certificate is issued, and the date of the recording shall be endorsed on said certificate. Said certificate, or a copy of the registration, must be again recorded in any county to which the practitioner may remove permanently. And the fact that no such certificate shall be found recorded in the county where any person is practicing or offering to practice medicine shall be accepted by the court as prima facie evidence that no such certificate has been issued, and shall throw the burden of proving that he has a certificate upon the defendant in any suit or prosecution begun against him for the violation of the provisions of this act.

Sec. 5. It is hereby made the duty of this board to refuse to licénse any person guilty of immoral, dishonorable or unprofessional conduct, and said board shall also revoke and annul any certificate which has been issued by said board, or any previous board, upon satisfactory proof being made to the said board, that the holder of said certificate or diploma has been guilty of immoral, dishonorable or unprofessional conduct. Five days' notice shall be given in writing to the person accused of improper conduct, with a copy of the charge against him. Requiring him on a day named to appear before the board, and show cause why his license should not be revoked or cancelled. When any such license has been revoked or cancelled by said board, the said board shall send notice in writing under the hand of the secretary, which notice shall be filed for record and recorded in the book in which the physicians' licenses are recorded, in the office of the probate clerk of the county in which the person, whose license has been revoked, resides. Any person whose certificate has been revoked or cancelled by said board, under the provisions of this act, who shall hereafter practice or attempt to offer to practice medicine in New Mexico, shall thereby become guilty of a misdemeanor and shall be punished as provided in section 9 of this act.

Sec. 6. For the purposes of this act the words "practice of medicine" shall mean to open an office for such purpose or to announce to the public or to any individual in any way, a desire or willingness or readiness to treat the sick or afflicted, or to investigate or diagnose, or offer to investigate or diagnose, any physical or mental ailment or disease of any person, or to suggest, recommend, prescribe or direct, for the use of any person, any drug, medicine, appliance or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure, or relief, of any wound, fracture or bodily injury or deformity, after having received, or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation.

Provided, That nothing in this act shall be construed to prohibit gratuitous services in cases of emergency, or the domestic administration of family remedies, or women from practicing mid-wifery, and this act shall not apply to surgeons of the United States in the discharge of their official duties.

Sec. 7. Each applicant for a license to practice medicine in New Mexico shall pay the secretary of this board a fee of twenty-five dollars. ($25.00.)

Sec. 8. Any vender, except licensed druggists, of any drug, nostrum, ointment or appliance of any kind intended for the treatment of disease or injury or who shall, by writing or printing, or any other method, profess to cure or treat disease or deformity by any drug, nostrum, manipulation or other expedient, shall pay a

license of one hundred dollars ($100.00) per month into the treasury of said board, upon which said payment, such vender shall be licensed by said board to sell drugs, nostrum, medicines and ointments. And any person so vending or attempting to sell either from his home or office or from vehicles or by traveling through the country, on foot or horseback, any such drugs, medicines or ointments, without paying such license, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not to exceed one hundred dollars ($100.00) or imprisonment in the county jail not to exceed ninety days, or by both such fine and imprisonment, in the discretion of the court.

Sec. 9. Upon payment to the board of the fees provided for in section 7 of this act, said board may grant licenses to licentiates of other states and territories, which have like requirements as this act provided for, and when said states and territories also honor our licenses or certificates, to the same extent as they now recognize our licenses and no further. Any person who shall practice medicine, or attempt to practice, without first complying with the provisions of this law, and without being the holder of a certificate entitling him to practice medicine in New Mexico, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not to exceed one hundred dollars ($100.00), or imprisonment in the county jail not to exceed ninety days, or by both such fine and imprisonment, in the discretion of the court.

Sec. 10. One-half of every fine collected under the provisions of this act, shall go and be paid by the court in which conviction is had, to the sheriff, deputy sheriff, constable or other person who makes complaint, and arrests and causes to be prosecuted, the person so convicted. The other half of all such fines and all fees herein provided to be paid, shall go and be the property of the said Board of Health, and shall by the treasurer of said board kept in some bank designated by said board. He shall give bond to the board in the sum of one thousand dollars ($1,000.00) conditioned for the faithful performance of his duty as treasurer, and that he shall pay over any and all sums of money received by him as such upon the proper order therefor. Such bond shall be given by some Fidelity or Surety company authorized to do business in this territory, and the premiums paid therefor, shall be paid by the board as one of its necessary expenses. All the expenses of the members of said board necessarily and properly incurred in attending the sessions of said board, and for necessary supplies, shall be paid out of the said fund upon the order of the president and the secretary of said board. The treasurer of the board shall keep a correct and itemized account of all moneys received and disbursed, and shall make a report to the board at each meeting. The secretary of said board is required to report the doings and proceedings of said board, together with the amount of all moneys by it received and disbursed, and on what account, with items, on the first day of December in each year, to the Governor of New Mexico.

Sec. 11. Said Board of Health is hereby authorized and empowered to make all necessary rules and regulations for carrying out the provisions of this act.

Sec. 12. Section 3 of Chapter 18 of the Session Laws of 1901, and all acts and parts of acts in conflict with this act are hereby repealed, and this act shall take effect and be in force thirty days after its passage.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement.
Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Ecleotic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ‹, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

A B C

NEW YORK.

CAPITAL, ALBANY.

Population of State, 8,067,308.
(State Census of 1905.)
Number of Physicians, 14,238.

New York, one of the original thirteen states, had, according to the United States Census of 1900, a population of 7,268,012, as compared with a population in 1890 of 5,997,853, representing an increase during the ten years of 1,270,159, or 21.2 per cent.

The following table shows increase in population since 1790:

1790	340,120	1850	3,097,394
1800	589,051	1860	3,880,735
1810	959,049	1870	4,382,759
1820	1,372,111	1880	5,082,871
1830	1,918,608	1890	5,997,853
1840	2,428,921	1900	7,268,012

1905 (State Census), 8,067,308.

The total land surface is, approximately, 47,620 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 126.0;

THE OPPENHEIMER TREATMENT FOR ALCOHOLISM

ALCOHOLIC CRAVING OVERCOME IN 12 to 48 HOURS
REPRESENTATIVE PHYSICIANS in each city of the United States administer the Oppenheimer Treatment. Write for the name and address of the physician in your locality
Oppenheimer Institute, 159 West 34th Street. New York City. (See Page 9)

1900, 152.6. It extends from 71 degrees, 51 minutes, to 79 degrees, 47 minutes, 25 seconds west longitude and from 40 degrees, 29 minutes, 40 seconds, to 45 degrees, 0 minutes, 42 seconds north latitude, and is bounded on the north and west by Canada, from which it is separated by the St. Lawrence river, Lake Ontario, Niagara river and Lake Erie; on the south by New Jersey and Pennsylvania, and on the east by Connecticut, Massachusetts and Vermont. The climate is healthful, although marked by extremes of heat and cold. The winters in the Adirondack region are long and severe. The mean annual temperature as observed at Albany is 47.95 and in the City of New York 51.83. The rainfall varies from 44 inches in the Hudson Valley to 32 in the valley of the St. Lawrence. The extent of the sea coast line is 248 miles, of the lake coast line, 352 miles. The surface is greatly diversified and includes rolling plateaus, level valleys and lofty mountain chains. The principal rivers are the Hudson, which rises in the Adirondacks, and, pursuing a southerly course, empties in New York Bay, its total length is about 300 miles, and for the last 150 it is navigable for the largest vessels; the St. Lawrence, which washes a portion of the northern boundary and with its numerous tributaries drains and irrigates that portion of the state; the Oswego, Niagara, Allegheny, Susquehanna, Mohawk and Delaware. Its mountain system includes the northern terminus of the Alleghanian Blue Ridge in the Highlands of the Hudson and the Adirondack groups in the northeastern angle of the state. There are over 1,300 lakes. This is a fine agricultural state, producing in abundance everything known to its latitude. It is the most important state in the Union in the extent of dairy farming and nurseries. The fruit growing interests are very large, especially apples, pears and grapes. The manufacturing interests of this, the "Empire State" of the Union, are most extensive, and the state ranks first in the value of its manufactured products. New York City, the second largest city in the world, only exceeded by London in size, and the most important seaport on the western hemisphere, is the metropolis and the leading manufacturing city of the country. Iron ore is mined and bluestone, limestone, sandstone and marble are plentiful. Oil is found in abundance in the western portion. The literary, philanthropic and religious institutions are on a par commensurate with the wealth, intelligence and progress of the state.

Deaths in 1900, 130,268; rate per 1,000 of population, 17.9.

For list of Medical Colleges, see page 152.

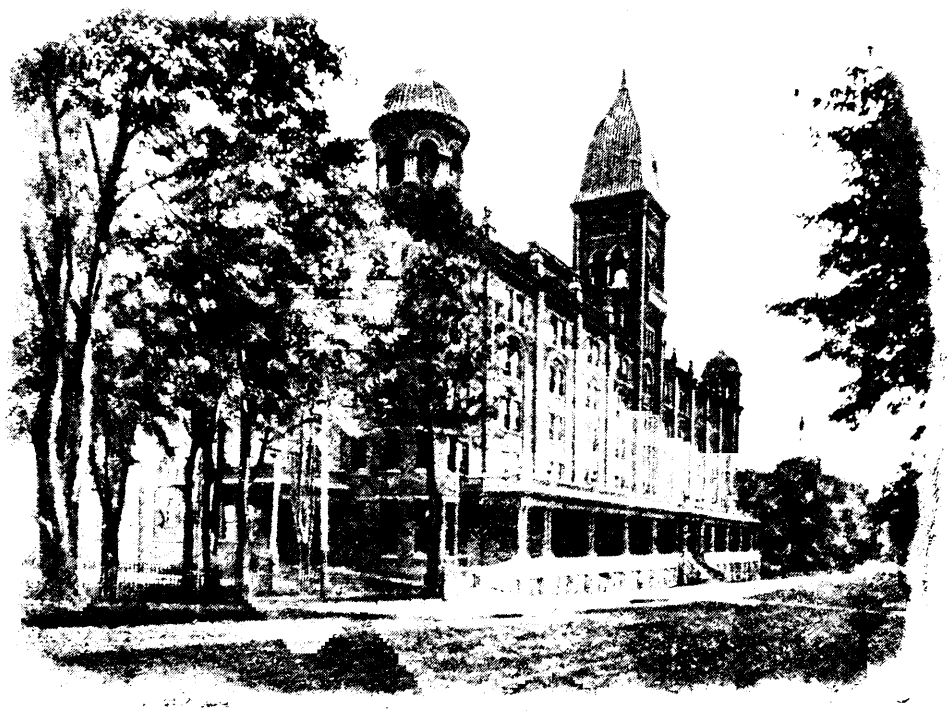
Clifton Springs Sanitarium

CLIFTON SPRINGS, N. Y.

Founded in 1850 by the Late Henry Foster, M. D.



Our Main Building, of which a picture is here shown, is absolutely Fire-proof and thoroughly up-to-date in all of its appointments; is heated by steam and open-fire places; provided with elevators, electric bells, and both gas and electric lights.

Our Medical Staff consists of eleven physicians (9 men and 2 women) regular graduates of the principal schools of the East, and experienced in Sanitarium practice.

The Surgical Department is equipped with all the latest appliances in hospital outfit, and is under the care of an eminently successful Surgeon.

The Sulphur Springs, because of the proportions in which are combined the essential compounds, are classed with the **leading remedial** springs of the world.

The Baths, magnificently furnished in marble and tile, are complete in every detail. **The Nauheim Baths** for heart trouble are unsurpassed in this country

The Treatment Rooms are equipped to supply the most helpful methods known to medical science, including electricity in many forms.

The Nurses, supplementing the work of the Medical Staff, is a large corps of trained nurses and bath attendants.

The Efficiency of the departments prove to any investigator that our facilities for Medical and Surgical Treatments are of the very best.

No Tubercular, Insane or Epileptic cases received. (See Next Page.)

Clifton Springs Sanitarium

CLIFTON SPRINGS, N. Y.

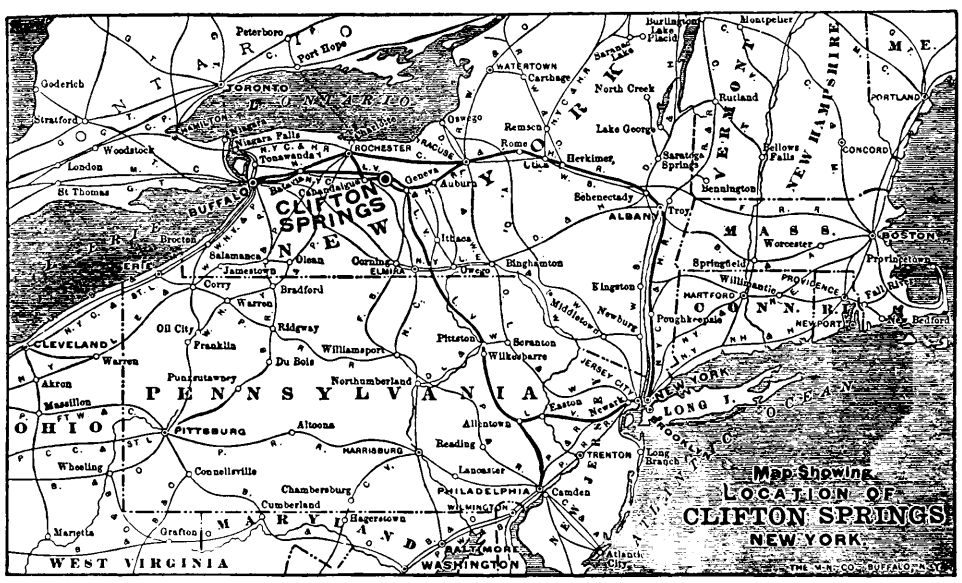
Founded in 1850 by the Late Henry Foster, M. D.

DISTINCTLY AN IDEAL SANITARIUM.
BEAUTIFUL FOR SITUATION, HEALTHFUL SURROUNDINGS.. COMPLETE IN EQUIPMENT.
RENOWNED FOR ITS LIBERAL TERMS.

Physicians are invited to visit the Sanitarium that they may know from personal observation that our facilities for care and treatment are all that we claim them to be.

The Dining Room, spacious and well lighted by large windows on three sides of the room, is very attractive. **The cuisine** is of the best. There are **no diet fads** here. Plenty of good food well prepared and served is fully appreciated by our patrons.

The Parks. We have the largest park system of any like institution in this country A beautiful stream winds its way through these sixty acres of old forest trees, and good walks make all parts accessible even to those in wheel chairs.



Location. From the map above it will be readily seen that we are situated in the most delightful part of **New York State** on the Auburn branch of the New York Central & Hudson River and on the main line of the Lehigh Valley Railways. We are thus in direct communication with the principal cities of the state, and through them with the whole country Direct sleepers from New York, Philadelphia, Chicago and intermediate points.

No Tubercular, Insane or Epileptic cases received.

Write for illustrated booklet and full particulars.

MEDICAL LAWS OF NEW YORK.

Laws of New York, 1893, ch. 661 as amended to July, 1905.

Definitions—as used in this article:

1. University means University of the State of New York.
2. Regents means Board of Regents of the University of the State of New York.
3. Board means a board of medical examiners of the State of New York.
4. Medical examiner means a member of a board of medical examiners of the State of New York.
5. Medical school means any medical school, college, or department of a university, registered by the Regents as maintaining a proper medical standard and as legally incorporated.
6. Medicine means medicine and surgery.
7. Physician means physician and surgeon.

Sec. 140. Qualifications.—No person shall practice medicine after Sept. 1, 1891, unless previously registered and legally authorized or unless licensed by the Regents and registered as required by this article; nor shall any person practice medicine who has ever been convicted of a felony by any court, or whose authority to practice is suspended or revoked by the Regents on recommendation of a state board.

Sec. 141. State Boards of Medical Examiners.—There shall continue to be three separate state boards of medical examiners of seven members each, each of whom shall hold office for three years from Aug. 1 of the year in which appointed. One board shall represent the Medical Society of the State of New York, one the Homeopathic Medical Society of the State of New York, and one the Eclectic Medical Society of the State of New York. Each of these three societies shall at each annual meeting nominate twice the number of examiners to be appointed in that year on the board representing it. The names of such nominees shall be annually transmitted under seal by the president and secretary prior to May 1 to the Regents, who shall, prior to Aug. 1, appoint from such lists the examiners required to fill any vacancies that will occur from expiration of term on Aug. 1. Any other vacancy, however occurring, shall likewise be filled by the Regents for the unexpired term. Each nominee, before appointment, shall furnish to the Regents proof that he has received the degree of doctor of medicine from some registerd medical school and that he has legally practiced medicine in this State for at least five years. If no nominees are legally before them from a society the Regents may appoint from members in good standing of such society without restriction. The Regents may remove any examiner for misconduct, incapacity or neglect of duty.

Sec. 142. Certificate of Appointment; Oath; Powers.—Every medical examiner shall receive a certificate of appointment from the Regents and before beginning his term of office shall file with the Secretary of State the constitutional oath of office. Each board, or any committee thereof, may take testimony and proofs concerning

The Physician makes HEALTH to order for the Human Race

The National Fur & Tanning Co. makes WARMTH to order for the Physician.

See Page 4 **For Catalogue write The National Fur & Tanning Co. Three Rivers. Mich.**

all matters within its jurisdiction. Each board may, subject to the Regents approval, make all by-laws and rules not inconsistent with law needed in performing its duties; but no by-law or rule by which more than a majority vote is required for any specified action by the board shall be amended, suspended or repealed by a smaller vote than that required for action thereunder.

Sec. 143. Expenses.—From the fees provided by this article, the Regents may pay all proper expenses incurred by its provisions except compensation to medical examiners; and any surplus at the end of any academic year shall be apportioned among the three boards pro rata according to the number of candidates whose answer papers have been marked by each.

Sec. 144. Officers; Meetings; Quorum; Committees.—Each board shall annually elect from its members a president and a secretary for the academic year, and shall hold one or more meetings each year pursuant to call of the Regents, who may also call joint meetings of the three boards or of their officers. At any meeting a majority shall constitute a quorum; but questions prepared by the boards may be grouped and edited, or answer papers of candidates may be examined and marked by committees duly authorized by the boards and by the Regents.

Sec. 145. Admission to Examination.—The Regents shall admit to examination any candidate who pays a fee of $25 and submits satisfactory evidence, verified by oath, if required, that he

1. Is more than 21 years of age.
2. Is of good moral character.
3. Has the general education required preliminary to receiving the degree of bachelor or doctor of medicine in this State.
4. Has studied medicine not less than four full school years of at least nine months each, including four satisfactory courses of at least six months each, in four different calendar years in a medical school registered as maintaining at the time a satisfactory standard. New York medical schools and New York medical students shall not be discriminated against by the registration of any medical school out of the State, whose minimum graduation standard is less than that fixed by statutes for New York medical schools. The Regents may, in their discretion, accept as the equivalent for any part of the third and fourth requirement, evidence of five or more years' reputable practice ,provided that such substitution be specified in the license, and as the equivalent of the first year of the fourth requirement evidence of graduation from a registered college course, provided that such college course shall have included not less than the minimum requirements prescribed by the Regents for such admission to advanced standing. The Regents may also in their discretion admit conditionally to the examination in anatomy, physiology and hygiene, and chemistry, applicants 19 years of age certified as having studied medicine not less than two full years of at least nine months each, including two satisfactory courses of at least six months each, in two different calendar years, in a medical school registered as maintaining at the time a satisfactory standard, provided that such applicants meet the second and third requirements.
5. Has either received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country, unless admitted conditionally to the examinations as specified above, in which case all qualifications, including the full period of study, the medical degree and the final examinations in surgery, obstetrics, pathology and diagnosis and therapeutics, including practice and materia medica must be met. The degree of bachelor or doctor of medicine shall not be conferred in this State before the candidate has filed with the institution conferring it the certificate of the Regents that before beginning the first annual medical course counted toward the degree unless matriculated conditionally as hereinafter specified, (three years before the date of the degree), he had either graduated from a registered college or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education considered and accepted by the Regents as fully equivalent; or held a Regents medical student certificate, granted before this act took effect; or had passed Regents examinations as hereinafter provided. A medical school may matriculate conditionally a student deficient in not more than one year's academic work or 12 counts of the preliminary education requirements, provided the name and deficiency of each student so matriculated be filed at the Regents' office within three months after matriculation, and that the deficiency be made up before the student begins the second annual medical course counted toward the degree. Students who had matriculated in a New York medical school before June 5, 1890, and students who had matriculated in a New York medical school before May 13, 1895, as having entered before June 5, 1890, on the prescribed three years' study of medicine, shall be exempt from this preliminary education requirement. A medical student certificate may be earned without notice to the Regents of the conditional matriculation either before the student begins the second annual medical course counted toward the degree or two years before the date of the degree for matriculates in any registered medical school, in the four cases following:

1. For matriculants prior to May 9, 1893, for any 20 counts, allowing 10 for the preliminaries, not including reading and writing;
2. For matriculants prior to May 13, 1895, for arithmetic, elementary English, geography, spelling, United States history, English composition and physics, or any 50 counts, allowing 14 for the preliminaries;
3. For matriculants prior to Jan. 1, 1896, for any 12 academic counts;
4. For matriculants prior to Jan. 1, 1897, for any 24 academic counts.

But all matriculants after Jan. 1, 1897, must secure 48 academic counts, or their full equivalent, before beginning the first annual medical course counted toward the degree unless admitted conditionally as hereinbefore specified, when the deficiency

SOMNOFORM The Ideal General Anaesthetic for Ether Sequence. Superior to Nitrous Oxide.
(See adv. opp. beginning N. Y. City Physicians) E. de Trey & Sons, Philadelphia and New York.

must b made up before the student begins the second annual medical course counted toward the degree.

Sec. 146. Questions.—Each board shall submit to the Regents, as required, lists of suitable questions for thorough examinations in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis and therapeutics, including practice and materia medica. From these lists the Regents shall prepare question papers for all these subjects, which at any examination shall be the same for all candidates, except that the examination may be divided as provided in Section 145 and except that in therapeutics, practice and materia medica all the questions submitted to any candidate shall be chosen from those prepared by the board selected by that candidate and shall be in harmony with the tenets of that school as determined by its state board of medical examiners.

Sec. 147. Examinations and Reports.—Examinations for license shall be given in at least four convenient places in this State and at least four times annually, in accordance with the Regents' rules, and shall be exclusively in writing and in English. Each examination shall be conducted by a Regents' examiner who shall not be one of the medical examiners. At the close of each examination the Regents' examiner in charge shall deliver the questions and answer papers to the board selected by each candidate, or to its duly authorized committee, and such board, without unnecessary delay, shall examine and mark the answers and transmit to the Regents an official report, signed by its president and secretary, stating the standing of each candidate in each branch, his general average and whether the board recommends that a license be granted. Such report shall include the questions and answers and shall be filed in the public records of the University. If a candidate fails on first examination, he may after not less than six months' further study have a second examination without fee. If the failure is from illness or other cause satisfactory to the Regents, they may waive the required six months' study.

Sec. 148. Licenses.—On receiving from a state board an official report that an applicant has successfully passed the examinations and is recommended for license, the Regents shall issue to him, if in their judgment he is duly qualified therefor, a license to practice medicine. Every license shall be issued by the University under seal and shall be signed by each acting medical examiner of the board selected and by the officer of the University who approved the credential which admitted the candidate to examination, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, preliminary and medical education and all other matters required by law, and that after full examination he has been found properly qualified to practice. Applicants examined and licensed by other state examining boards registered by the Regents as maintaining standards not lower than those provided by this article and applicants who matriculated in a New York State medical school before June 5, 1890, and who received the degree M. D. from a registered medical school before Aug. 1, 1895, may without further examination, on payment of $10 to the Regents and on submitting such evidence as they may require, receive from them an indorsement of their licenses or diplomas conferring all rights and privileges of a Regents' license issued after examination.

If any person, whose registration is not legal because of some error, misunderstanding or unintentional omission, shall submit satisfactory proof that he had all requirements prescribed by law at the time of his imperfect registration and was entitled to be legally registered, he may on unanimous recommendation of a state board of medical examiners receive from the Regents under seal a certificate of the facts which may be registered by any county clerk and shall make valid the previous imperfect registration.

Before any license is issued it shall be numbered and recorded in a book kept in the Regents' office, and its number shall be noted in the license. This record shall be open to public inspection, and in all legal proceedings shall have the same weight as evidence that is given to a record of conveyance of land.

Sec. 149. Registry.—Every license to practice medicine shall, before the licensee begins practice thereunder, be registered in a book kept in the clerk's office of the county where such practice is to be carried on, with name, residence, place and date of birth, and source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume in the county clerk's office, an affidavit of the above facts, and also that he is the person named in such license, and had, before receiving the same, complied with all requisites as to attendance, terms and amount of study and examinations required by law and the rules of the University as preliminary to the conferment thereof; that no money was paid for such license, except the regular fees paid by all applicants therefor; that no fraud, misrepresentations or mistake in any material regard was employed by any one or occurred in order that such license should be conferred. Every license, or if lost a copy thereof legally certified so as to be admissible as evidence, or a duly attested transcript of the record of its conferment shall, before registering, be exhibited to the county clerk, who, only in case it was issued or indorsed as a license under seal by the Regents, shall indorse or stamp on it the date and his name preceded by the words: 'Registered as authority to practice medicine in the clerk's office of ..... county.' The clerk shall thereupon give to every physician so registered a transcript of the entries in the register with a certificate under seal that he has filed the prescribed affidavit. The licensee shall pay to the county clerk a total fee of $1 for registration, affidavit and certificate.

Sec. 150. Registry in Another County.—A practicing physician having registered a lawful authority to practice medicine in one county, and removing such practice or part thereof to another county, or regularly engaging in practice or opening an office in another county, shall show or send by registered mail to the clerk of such other county, his certificate of registration. If such certificate clearly shows that

LISTS OF PHYSICIANS AND DENTISTS
OUR LISTS ARE CORRECTED DAILY. WE ADDRESS ENVELOPES AND WRAPPERS
R. L. POLK & CO., Detroit, Mich. Publishers of the only national Medical and Dental Directories

the original registration was of an authority issued under seal by the Regents, or if the certificate itself is indorsed by the Regents as entitled to registration, the clerk shall thereupon register the applicant in the latter county, on receipt of a fee of 25 cents, and shall stamp or indorse on such certificate, the date and his name preceded by the words, "Registered also in ..... county," and return the certificate to the applicant.

Sec. 151. Certificate Presumptive Evidence; Unauthorized Registration and License Prohibited.—Every unrevoked certificate and indorsement of registry, made as provided in this article, shall be presumptive evidence in all courts and places, that the person named therein is legally registered. Hereafter no person shall register any authority to practice medicine unless it has been issued or indorsed as a license by the Regents. No such registration shall be valid unless the authority registered constituted at the time of registration, a license under the laws of the State then in force. No diploma or license conferred on a person not actually in attendance at the lectures, instruction and examinations of the school conferring the same, or not possessed at the time of its conferment, of the requirements then demanded of medical students in this State as a condition of their being licensed so to practice, and no registration not in accordance with this article shall be lawful authority to practice medicine, nor shall the degree of doctor of medicine be conferred causa honoris or ad eundum, nor if previously conferred shall it be a qualification for such practice.

Sec. 152. Construction of This Article.—This article shall not be construed to affect commissioned medical officers serving in the United States army, navy or marine hospital service, while so commissioned; or any one while actually serving without salary on the resident medical staff of any legally incorporated hospital; or any legally registered dentist exclusively engaged in practicing dentistry; or any manufacturer of artificial eyes, limbs or orthopedic instruments or trusses in fitting such instruments on persons in need thereof; or any lawfully qualified physician in other states or countries meeting legally registered physicians in this State in consultation; or any physician residing on a border of a neighboring state and duly authorized under the laws thereof to practice medicine therein, whose practice extends into this State, and who does not open an office or appoint a place to meet patients or receive calls within this State; or any physician duly registered in one county called to attend isolated cases in another county, but not residing or habitually practicing therein. This article shall be construed to repeal all acts or parts of acts authorizing conferment of any degree in medicine causa honoris or ad eundum or otherwise than on students duly graduated after satisfactory completion of a preliminary medical course not less than that required by this article, as a condition of license.

Sec. 153. Penalties and Their Collection.—Any person who, not being then lawfully authorized to practice medicine within this State and so registered according to law, shall practice medicine within this State without lawful registration or in violation of any provision of this article; and any person who shall buy, sell or fraudulently obtain any medical diploma, license, record, or registration, or who shall aid or abet such buying, selling or fraudulently obtaining, or who shall practice medicine under cover of any medical diploma, license, record, or registration illegally obtained, or signed, or issued unlawfully or under fraudulent representations or mistake of fact in a material regard, or who, after conviction of a felony, shall attempt to practice medicine, or shall so practice, and any person who shall append the letters M. D. to his or her name, or shall assume or advertise the title of doctor (or any title which shall show or tend to show that the person assuming or advertising the same is a practitioner of any of the branches of medicine), in such a manner as to convey the impression that he or she is a legal practitioner of medicine, or any of its branches without having legally received the medical degree, or without having received a license which constituted at the time an authority to practice medicine under the laws of this State then in force, shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than $250, or imprisonment for six months for the first offense, and on conviction of any subsequent offense, by a fine of not more than $500 or imprisonment for not less than one year, or by both fine and imprisonment. Any person who shall practice medicine under a false or assumed name, or who shall falsely personate another practitioner of a like or a different name, shall be guilty of a felony. When any prosecution under this article is made on the complaint of any incorporated medical society of the State, or any county medical society of such county entitled to representation in a state society, the fines when collected shall be paid to the society making the complaint, and any excess of the amount of fines so paid over the expense incurred by the said society in enforcing the medical laws of this State, shall be paid at the end of the year to the county treasurer.

NOTES ON THE LAW.

For the sake of clearness Department refers to the Education Department or the University of the State of New York, and Board to the State Board of Medical Examiners.

Licensing.—No person may practice medicine after Sept. 1, 1891, unless previously registered and legally authorized or unless licensed by the Department and registered as required by this law. Felons are debarred from practice and the authority to practice may be suspended or revoked by the Department on recommendation of the Board.

PHYSICIANS' CASUALTY ASSOCIATION OF AMERICA
ACCIDENT INSURANCE AT COST. Membership limited to practicing Physicians and Surgeons.
See Page 12. Write E. E. ELLIOTT, Secretary, OMAHA, NEB.

License on Examination.—On evidence of fitness as to age, character, preliminary and medical education, the Department on official report from the Board that an applicant has successfully passed the examination, issues a license which when registered in the county of practice, entitles the holder to practice medicine. Fee $25.

License by Indorsement.—Applicants examined and licensed by other state examining boards registered by the Department as maintaining standards not lower than those provided by the statute may without examination receive an indorsement of their license conferring all rights and privileges of a license after examination. Fee $10. This provision of the statute is at present inoperative, as the license of no other state examining board is registered as maintaining standards not lower than those required by the New York statute. Matriculates of New York State medical schools before June 5, 1890, that received the degree of M. D. from a registered medical school before Aug. 1, 1895, may without examination receive an indorsement of their diplomas conferring all rights and privileges of a license after examination. Fee $10.

License on Recommendation.—Any person whose registration is not legal because of error may on satisfactory proof that he was entitled to be legally registered on unanimous recommendation of the Board, receive a certificate of the facts which may be registered by a county clerk and make valid the previous imperfect registration. No. fee.

Before beginning the second annual medical course counted toward the degree, or two years before the date of the degree, matriculates in a medical school were required:

1. Prior to Jan. 1, 1896, to have 12 academic counts in Regents' examinations, or evidence of the completion of a registered three year high school course.

2. Prior to Jan. 1, 1897, to have 24 academic counts in Regents' examinations, or evidence of the completion of a registered three year high school course.

All matriculates after Jan. 1, 1897, are required to have 48 academic counts or evidence of the successful completion of a four year course in a registered high school before beginning the first annual medical course counted toward the degree, unless admitted conditionally, when the deficiency (not more than one year of high school work or 12 counts) has to be made up before the student begins the second annual medical course counted toward the degree. The Department accepts as the equivalent for the general preliminary education and one year of the professional requirements, evidence of five or more years' reputable practice, but this substitution is specified in the license. Evidence of graduation from a registerd college course in lieu of one year of study in a medical school permitted by the statute is at present inoperative, as the minimum requirements for such admission to advanced standing have not been determined.

Professional Requirements.—An applicant for admission to the licensing examination must have studied medicine not less than four full school years (three, for matriculates prior to Jan. 1, 1898, who graduated prior to Jan. 1, 1902) of at least nine months each, including four satisfactory courses of at least six months each in four different calendar years in a medical school registered by the Department as maintaining at the time a satisfactory standard, and must afford evidence of possessing the degree of bachelor or doctor of medicine from a registered medical school. Students can not begin the first annual medical course counted toward the degree of bachelor or doctor of medicine in this State till they have filed with the institution a medical student certificate issued by the Department, but the medical school may matriculate conditionally a student deficient in not more than one year's academic work or 12 counts of the required preliminary education, provided the name and deficiency of each student so matriculated be filed at the Department within three months after matriculation, and that the deficiency be made up before the student begins the second annual medical course counted toward the degree, but students that matriculated in a New York medical school before June 5, 1890, or before May 13, 1895, as having entered before June 5, 1890, on the prescribed three years' study of medicine, are exempt from this preliminary educational requirement toward the degree, but not for entrance on the licensing examination.

Preliminary Requirements.—The preliminary requirements for admission to registered medical schools or the licensing examination were, for matriculates:

1. Before May 9, 1893, Regents' examinations (see Handbook 3, Examinations) in 20 counts, allowing 10 for the preliminaries, not including reading and writing;

2. Before May 13, 1895, Regents' examinations in arithmetic, elementary English, geography, spelling, United States history, English composition and physics or any 50 counts, allowing 14 for the preliminaries;

3. Before Jan. 1, 1896, Regents' examinations in subjects aggregating 12 academic counts;

4. Before Jan. 1, 1897, Regents' examinations in subjects aggregating 24 academic counts or evidence of the successful completion of three years' work in a registered high school;

5. After Jan. 1, 1897, Regents' examinations in subjects aggregating 48 academic counts or their full equivalent, evidence of the successful completion of three years' work in a registered high school before August, 1896, or of four years after that date; the successful completion of one full year's work in a college or university

Trade Mark

registered by the Department as maintaining a satisfactory standard; evidence of work in a registered institution or from the government of any state or country (other than New York State) which represents the completion of a course of study registered by the Department as equivalent to graduation from a New York secondary school.

In March, 1898, the requirements for the medical student certificate were modified to permit of the acceptance of certificates of work in registered schools; to permit of cumulative credit, and to permit of the dating back of certificates earned in examination. Since Feb. 1, 1902, the medical student certificates have shown on their face the subjects and their value. In 1906 the value of the "count" changes without affecting statutory requirements.

Duplicates of original credentials, certificates and diplomas are issued on satisfactory evidence of loss or destruction or of filing with higher institutions. The evidence of loss or destruction is a certificate of fact and date verified by affidavit and by the testimony of a disinterested party. The evidence of filing with a higher institution is a certificate of the executive officer under seal of the institution.

Examinations.—The examinations are conducted by the Department and answer papers are read and marked by the Board, who know the candidates only by number. The subjects of the licensing examinations are: (1) anatomy; (2) physiology and hygiene; (3) chemistry; (4) surgery; (5) obstetrics; (6) pathology and diagnosis; (7) therapeutics, practice and materia medica.

Partial Examinations.—Applicants 19 years of age certified as having studied medicine not less than two full years in a registered medical school may be admitted conditionally to the examinations in (1) anatomy; (2) physiology and hygiene; and (3) chemistry.

Questions and written answers must be in the English language. Candidates failing in one subject with a general average of 80 per cent in the others may be reexamined in that subject in any regular examination; failing in one subject with a lower average, or in two or more subjects, may be admitted to a subsequent examination on original fee after six months have elapsed, and must then take the examination in all subjects. Examinations for license to practice medicine in this State will be held as follows:

1906—Jan. 30-Feb. 2; May 22-25; June 19-22; Sept. 25-28.

1907—Jan. 29-Feb. 1; May 21-24; June 25-28; Oct. 1-4.

1908—Feb. 4-7; May 19-22; June 23-26; Sept. 22-25.

1909—Feb. 2-5; May 18-21; June 22-25; Sept. 21-24.

1910—Feb. 1-4; May 24-27; June 28-July 1; Sept. 27-30.

Places.—New York, Albany, Syracuse, Buffalo. Each candidate is notified as to exact place.

Daily Program.—Morning, 9:15; afternoon, 1:15: Tuesday, a. m. Anatomy; p. m., Physiology and Hygiene. Wednesday, a. m., Chemistry; p. m., Surgery. Thursday, a. m., Obstetrics; p. m., Pathology and Diagnosis. Friday, a m., Therapeutics, Practice and Materia Medica.

Registration of Medical Schools.—The registration of medical schools has reference to the professional educational requirement and not to the general preliminary education which must be met by the candidates for admission to New York medical schools and receives independent action. New York medical schools and New York medical students are not discriminated against by the registration of any medical schools out of the State. Schools are registered in full or accredited in three classes as they afford opportunity to study medicine with suitable facilities for four full years (registered), three full years (class 1), two full years (class 2), or one full year (class 3). The medical schools of the United States registered or accredited by the Department fall into two groups:

Group 1.—Those registered or accredited for admission to the licensing examination after formal application authenticated by seal or affidavit and the signature of the executive officer;

Group 2.—Those registered or accredited for admission to registered medical schools.

FOR THE CURE OF
LIQUOR and DRUG HABITS
The Treatment is identical with that used by the late DR. LESLIE E. KEELEY. The time spent with us is like a PLEASANT VACATION TO THE PATIENT.

SOMNOFORM

The Ideal General Anesthetic for DENTAL and Minor Surgical Operations

Used in Leading Hospitals.
Recommended by Dentists and Physicians.

Some of the Advantages of Somnoform over Nitrous Oxide

No Cumbersome Apparatus. The Somnoform Inhaler can be easily carried in an ordinary coatpocket.

Rapidity with which Anesthesia is Produced. With Somnoform, if given with the Somnoform Inhaler, full anesthesia is obtained in thirty seconds, or even less. Whereas with Nitrous Oxide Gas, more than double this time is usually taken, and often even longer.

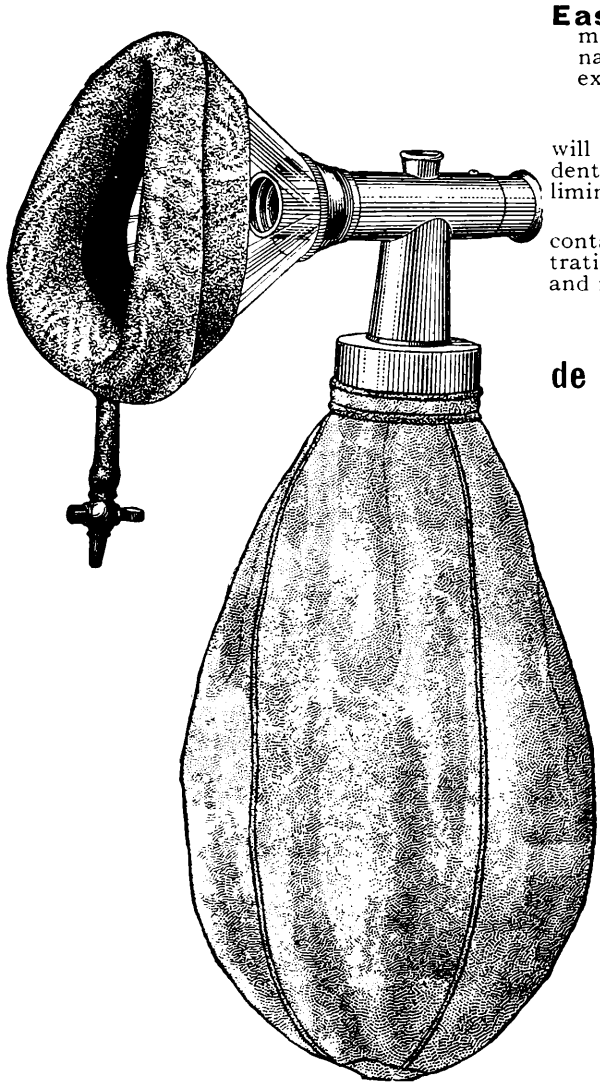
Prolonged Duration of Anesthesia. Even a small dose of Somnoform given with de Trey's Somnoform Inhaler produces an anesthesia lasting at least twice as long as that obtained by the usual administration of Nitrous Oxide Gas.

Absence of Asphyxia. When Somnoform is presented in the right manner the patient experiences none of the so-called "suffocating feeling," so often complained of when Nitrous Oxide Gas is given.

Absence of Cyanosis. Complexion perfectly normal under Somnoform, which is certainly not the case with N_2O.

No Stertorous Breathing or Jactitation of the Limbs or Body. This is of supreme importance in that the patient being quite placid, the dental surgeon is able to operate much quicker than is possible when Nitrous Oxide is employed. Besides, in cases of nervous patients who insist on a friend being present, the advantages of the non-existence of the above symptoms are obvious.

Ease of Administration. The successful administration of Nitrous Oxide, and more particularly its nasal administration, is more difficult and requires more experience in use than does Somnoform.



We are fully convinced that before long **SOMNOFORM** will largely supersede Nitrous Oxide Gas, not only for dental and other short surgical operations, but as a preliminary anesthetic to Ether, Chloroform, etc.

SOMNOFORM is sold in sealed glass tubes or capsules containing 3 c. c., the proper quantity for one administration. It is also furnished in capsules containing 5 c. c., and in bottles of 60 grammes.

Complete directions accompany each outfit.

de TREY'S SOMNOFORM INHALER.

This is the only apparatus required for administering Somnoform.

Exhaustive trials of all kinds of Inhalers have been made with the view of selecting the one best suited for the purpose. de Trey's Somnoform Inhaler illustrated herewith is the only one that combines all the principles essential for the proper and successful administration of Somnoform. It has been tested in every conceivable manner, and can, without reservation, be recommended as *absolutely perfect* both from scientific and aseptic points of view. The Inhaler is simple in construction, cannot get out of order, can easily be kept aseptic, is unbreakable, and of convenient size.

A detailed description of the Inhaler, of its parts and of the method of handling it, accompanies each Inhaler.

Somnoform has been used exclusively in over one hundred and fifty cases at the Melbourne Dental Hospital within the last few weeks, and has given the greatest satisfaction to all concerned, fulfilling all that its most ardent supporters claim for it. (*W. Orr Gray, L.D.S., Ed., D.D.S., Univ. Pa., Demonstrator of Operative Dentistry and House Surgeon, Melbourne Dental Hospital, in The Australian Journal of Dentistry.*)

SOMNOFORM is sold by Dental Depots everywhere, or may be ordered from

E. de TREY & SONS, 28 S. 40th St., Phila., Pa.

American Selling Agents for **THE SOMNOFORM CO., BORDEAUX.**

Additional literature furnished on application.

SOMNOFORM: The Ideal General Anesthetic for Minor Surgical Operations and for administration in ether sequence.

Somnoform is the invention of Dr. G. Rolland, late house surgeon to the Paris Hospitals, Professor of Anesthetics, and dean of the Dental School and Hospital of Bordeaux, France.

Having with the assistance of a few medical men and of some well known dental surgeons instituted and opened the Bordeaux Dental School in 1895, Dr. Rolland took upon himself the teaching of the theory of anesthesia, but soon found himself obliged to include in his lessons its practical application. The problem he then had to face was the production of a **rapid anesthesia, easily brought about, presenting no danger, followed by quick return to consciousness, and having no ulterior and troublesome sensations.**

After over four years of long and tedious research, conducted along lines of the highest scientific knowledge, Dr. Rolland achieved a signal success.

Somnoform has been used for several years in a majority of the Hospitals in England, and has recently been introduced into many of the prominent hospitals of this country. It is especially suitable for administration preliminary to ether or chloroform as it possesses many advantages over nitrous oxide gas.

Somnoform has a remarkable record, the number of anesthesias produced by Somnoform being considerably over the million mark.

"Get used to it as quickly as you can. I feel it is the anesthetic par excellence in dental operations." (*Dr. A. F Baudry-Mills, L.D.S., British Dental Journal, October, 1903.*)

In order to ascertain the introduction and available time observations have been made *officially* at the Bordeaux School on 500 patients, unprepared for being anesthetized and chosen at random, the operations being carefully timed with a stop-watch. **With an average dose of two and a half cubic centimeters the average induction is 30 seconds, the average duration 78 seconds.**

"The rapidity with which anesthesia with Somnoform is obtained is, according to Rolland, its element of safety. Owing to its extreme volatility it is very quickly absorbed, and is very nearly as quickly eliminated from the system. The anesthesia itself is prolonged by a phase of analgesia enabling an operation to be prolonged sometimes remarkably." (*Baudry-Mills, British Dental Journal, October, '03.*)

The patient is anesthetized without special preparation, gets out of the chair and walks away unaided.

"The patients regain consciousness and control of themselves very quickly, and express satisfaction and wonder at the slight amount of inconvenience they have been put to." (*British Medical Press, April, 1903.*)

When Somnoform is properly used and with the proper Inhaler, the cases of nausea are very rare. Dr. Rolland can only count one case of nausea in every hundred cases he undertakes, the same figures are given by Dr. Vernon Knowles, a dentist who has perhaps had more experience with Somnoform than any one else.

The anesthesia produced upon children as well as upon grown persons in a normal condition is of a very quiet nature.

"The quiet anesthesia produced by Somnoform is distinctly marked, indeed the complete absence of respiratory trouble is quite remarkable." (*Kirkpatrick, Medical Press.*)

Somnoform stimulates the heart's action slightly throughout administration

Dr. Rolland found in experimenting on animals when anesthesia had been purposely pushed to its extreme limits with the intent to kill, that respiration ceases *before* the heart's action. When artificial respiration was resorted to the animals speedily recovered; in some cases the animals had ceased to breathe *6 minutes* before the heart stopped beating. Professor Cole, of Cambridge University, has confirmed this.

With the absence of asphyxia goes a total absence of cyanosis, the complexion remaining perfectly normal during the entire length of the anesthesia.

"There is no oxygen available in Somnoform, yet there is a striking absence of any cyanosis. I am inclined to attribute this to the very quiet respiration. This is a very important matter in the anesthesia, as there is no swelling of the tongue to impede the operator and the relaxation of the muscles enables him to make full use of the time at his disposal." (*Kirkpatrick, British Medical Press.*)

An interesting physiological point is that hemorrhage is certainly less with Somnoform than with nitrous oxide.

This agent should appeal to those who want a short anesthesia, as the patient is generally in an upright position and can walk out of the chair in a few minutes after the operation, very rarely with any bad after-effects, and usually with a recollection of having had a pleasant dream, and with a feeling of gratitude toward his physician. (*William L. Hess, M.D., in Colorado Medicine, May, 1905.*)

(See adv. opp. beginning N. Y. City Physicians) **E. de Trey & Sons,** Philadelphia and New York.

DR. KIDDER'S HOUSE

Is a small home sanatorium devoted to the treatment of nervous women and those who suffer from mal-nutrition. To experienced medical care and nursing it seeks to add the influences of "the sunny side of the street."

For patients with muscular insufficiency of the back, and spinal curvature, steel braces can be made and fitted at reasonable rates.

Correspondence is solicited.
Address,

DR. WALTER H. KIDDER,

Oswego on Lake Ontario. *OSWEGO, NEW YORK.*

PHYSICIANS CASUALTY ASSOCIATION OF AMERICA

$25.00 WEEKLY indemnity for accidental injuries. Costs $3.00 Quarterly. See Page 12 Write E. E. ELLIOTT, Sec'y, OMAHA, NEB.

I call the attention of the surgical profession at large to the use of

DR. C. S. McNEILLE,
22 Bible House,
New York City.

NITROUS OXIDE GAS

In Surgical Operations.

Dr. C. S. McNeille Colton Association has administered Nitrous Oxide Gas to nearly 300,000 (three hundred thousand) without an accident.

Constant practice with it is absolutely necessary as it is undoubtedly the most difficult anaesthetic to handle successfully, requiring experience and confidence. This record shows absolutely safe.
